

GOOD TIME TO LET EL PASOANS KNOW OF PATAGONIA'S MINES

The El Paso Chamber of Commerce business excursion to principal points in New Mexico and Arizona is scheduled to arrive in Patagonia at about 7 o'clock in the morning of Friday, March 23. The business men of El Paso will spend a little over a week on the trip, and a special train of seven cars will haul them over the route. The party will be composed of 75 of the leading business men of the Paso City, and is undertaken in the name of an advertising scheme. The presence of the well-to-do citizens of the bustling Texas city in Patagonia should also be taken advantage of to do a little home advertising. Most of the members of the party have made money in mining. Some sort of organized effort should, and probably will be made, to greet the visitors with a mineral display, or let them know in some manner of the great mineral resources of the Patagonia country. The excursion will be in Patagonia only a short time, and from here will go to Nogales.

PIGS IS PIGS.

All stock market records were broken yesterday in Denver, Chicago and other big markets, when \$13.65 was paid for hogs, the highest since the establishment of the markets. The previous high price, \$12.75, has been current for a week. Previous to that, \$11.10, paid last November, was the record. Soon after that the market slumped to about \$9 and began the upward climb which reached the high mark yesterday. Previous to November, the high price was \$10.8, reached about seven years ago. No reason is given for the present high prices, except the general advance in prices of all foodstuffs.

Mr. and Mrs. Elbert Kinaley, of the San Rafael valley, were given a pleasant little surprise party by their friends last Saturday evening, at their new home, the Baldwin ranch.

MOVING PICTURES TO BE GIVEN SATURDAY, INSTEAD OF SUNDAY

Saturday night, March 3, the moving picture show will be given this week, instead of Sunday night, on account of the concert for the benefit of the Catholic church to be given at the Opera House on Sunday evening. The management of the moving picture show gave their regular night for the church people and will give their entertainment on Saturday evening. The "movie" program this week is good. "Scorched Wings," a three-reeler, is full of excitement and interest, while the "Animated Weekly" is always good. A fine comedy, "Tears and Sunshine," will complete the well-balanced bill. New parts have been secured for the gas-making apparatus, and no delays of any kind are anticipated. A good, wholesome evening's entertainment is promised. Don't forget the change of date for this week only, to Saturday night instead of Sunday.

The Patagonia Commercial Company's scales, used for weighing big loads of ore and other heavy weights, have been repaired and put in first-class condition this week.

Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Cure is taken internally and acts through the blood on the mucous surfaces of the system thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. Returning he intends to go to El Paso and gradually work back East, to attend all of the old soldiers' reunions in different states this summer. The captain expects to spend considerable time in the state of Ohio, his native state, where he has relatives. May good luck always attend the oldtimer, is the wish of his Patagonia friends.

TIME TO SPRUCE UP FOR THOSE RARE JUNE DAYS IN PATAGONIA

A plan to clean up the streets and alleys of Patagonia is on foot. A petition will probably be circulated within a few days, soliciting donations for this purpose. It is planned to borrow the road grader from the county for a few days and grade the streets, putting them in good condition for the summer rains. Alleys and back yards will also be cleaned and put in shipshape. The larger property owners will bear the greater burden of the expense of the cleanup movement, and those of us who do not own much property here yet (but hope to) will contribute our mite. Many will put in a few days' work in lieu of making a cash donation. It is a good time now to begin the annual Spring cleaning; summer will soon be here, and with the glorious climate and abundance of shade, Patagonia is by far the prettiest of the other Southern Arizona towns. The movement to clean up the streets and alleys and backyards of the town will be entered into enthusiastically by those who take pleasure in helping to make the place in which they live more beautiful.

NEWS OF THE MINES

Lesners are bringing in ore from the Duquesne ground this week.

The new compressor for the Rupert property is being put in place this week by Mr. Scheeler.

J. M. Hackett, who owns some good claims in the Alto country, is in Patagonia this week from his home at Peoria, Ariz.

Fine copper-bearing rock was this week exhibited from the Devil's Cash, taken from the shaft, now down about 100 feet. The Devil's Cash is owned by Herb McCutchan, C. C. Chapman and others.

Ore is being taken from the Farrell group, near the Three R, from almost the grass roots, which runs as high as 15 per cent copper. A carload shipment will soon be sent out to the smelter. This is called the Volcano group.

The electricity at the Three R mine, to run the new oil flotation concentrator, was turned on yesterday. After a few trial tests of the machinery the mill is expected to be in full operation, probably by the first of next week.

It is said arrangements are being made at the old Bradford mine, a few miles below Patagonia, to make extensive exploration by means of drills. The Bradford is owned by the Sonotta Copper company, a Kansas City company. Jack Glasson is in charge of the work.

HAYDEN'S BILL WILL PERMIT MINING ON THE RESERVATIONS

The Hayden bill to permit mining on Indian reserves, a measure that will add about 20,000,000 acres to the mineral lands of this state, is in fair way to become a law. The bill passed the house on September 4, and now stands a good chance of passing the senate.

Arizona will profit more than any other state—as much, practically, as all others put together—by this bill. There are now 19,551,000 acres of unallotted Indian lands on the reservation, and to this land the bill opens the way for the prospector and mine market. It applies only to the metal mining rights on such lands, however. For a long time it has been possible to graze cattle on forest and Indian reserves, by payment of fees. It is an exact principle that the mineral bill will work. The prospector who has located a tract of mineral land pays to the interior department for the Indian reservation fund 25 cents per acre the first year, 50 cents per acre for the second, third, fourth and fifth years, and (from that time on) 10 cents per acre per year. If the mine becomes a producer, the fee then is to constitute 5 per cent of the gross output, payable monthly to the Indian bureau. The bill, should it become a law, will double the mineral possibilities and in time, the mineral output of this state.

C. F. Young, who was injured several months ago while working in the Duquesne mill, and who it was believed, had entirely recovered from his injuries, this week returned to the hospital in Nogales for another operation on his arm. The arm has not healed as it should, and the operation contemplated may require bone grafting. The arm now hangs limp and helpless, and it is said to be the plan to take part of the bone from his leg and graft it onto the arm, to complete the junction and restore the injured member to its field of usefulness.

TAKES OFF DANDRUFF HAIR STOPS FALLING

Girls! Try This! Makes Hair Thick,
Glossy, Fluffy, Beautiful—No
More Itching Scalp.

Within ten minutes after an application of Danderine you cannot find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable luster, softness and luxuriance.

Get a 25 cent bottle of Knowlton's Danderine from any store, and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all—you surely can have beautiful hair and lots of it if you will just try a little Danderine. Adv.

The paper adds: "We confess inability to see how the honor of our nation can further be maintained by protests."

German naval and military leaders in Berlin estimated that the total tonnage sunk during February would not exceed 500,000 and expressed satisfaction with the achievements of the submarines. The announcement was made by the German admiralty that 1,900 troops bound for Saloniki perished when the Italian transport Minas was sunk Feb. 17. An armed merchantman is raiding commerce in the Indian ocean and has sunk two British steamers, according to an announcement in Tokio. The British army estimates provide for an army of 5,000,000 men exclusive of India and for a navy personnel of 450,000. Berlin admitted withdrawing some troops from mud-filled trenches in the Somme sector and stated that a French attack south of Ripont in the Champagne failed. Activity by French detachments in the Vosges was announced.

Too Sick To Work

Many Women in this Condition Re-
gain Health by Taking Lydia E.
Pinkham's Vegetable Compound.

Convincing Proof of This Fact.

Ridgway, Penn. — "I suffered from female trouble with backache and pain in my side for over seven months so I could not do any of my work. I was treated by three different doctors and was getting discouraged when my sister-in-law told me how Lydia E. Pinkham's Vegetable Compound had helped her. I decided to try it, and it restored my health, so I now do all of my housework which is not light as I have a little boy three years old." — Mrs. O. M. Runz, Ridgway, Penn.

Mrs. Lindsey Now Keeps House For Seven.

Tennille, Ga.—"I want to tell you how much I have been benefited by Lydia E. Pinkham's Vegetable Compound. About eight years ago I got in such a low state of health I was unable to keep house for three in the family. I had dull, tired, dizzy feelings, cold feet and hands nearly all the time and could scarcely sleep at all. The doctor said I had a severe case of ulceration and without an operation I would always be an invalid, but I told him I wanted to wait awhile. Our druggist advised my husband to get Lydia E. Pinkham's Vegetable Compound and it has entirely cured me. Now I keep house for seven and work in the garden some, too. I am so thankful I got this medicine. I feel as though it saved my life and have recommended it to others and they have been benefited." — Mrs. W. E. Lindsey, R. R. 3, Tennille, Ga.

Mum's the Word.

Doctor—Something wrong with the baby?

Mother—Yes, doctor; he got hold of an old dictionary some way, and chewed up two pages out of it.

"Did you give him an emetic?"

"Yes, doctor, but I can't get a word out of him!"

LIFT YOUR CORNS OFF WITH FINGERS

How to loosen a tender corn
or callus so it lifts out
without pain.

Let folks step on your feet hereafter; wear shoes a size smaller if you like, for corns will never again send electric sparks of pain through you, according to this Cincinnati authority.

He says that a few drops of a drug called freezezone, applied directly upon a tender, aching corn, instantly relieves soreness, and soon the entire corn, root and all, lifts right out.

This drug dries at once and simply shrivels up the corn or callus without even irritating the surrounding skin. A small bottle of freezezone obtained at any drug store will cost very little but will positively remove every hard or soft corn or callus from one's feet.

If your druggist hasn't stocked this new drug yet, tell him to get a small bottle of freezezone for you from his wholesale drug house.—adv.

ACTRESS TELLS SECRET.

A well known actress gives the following recipe for gray hair: To half pint of water add 1 oz. Bay Rum, a small box of Barbo Compound, and ¼ oz. of glycerine. Any druggist can put this up or you can mix it at home at very little cost. Full directions for making and use come in each box of Barbo Compound. It will gradually darken streaked, faded, gray hair, and make it soft and glossy. It will not color the scalp, is not sticky or greasy, and does not rub off. Adv.

Its Limit.

"Is there any limit to the scope of this submarine war?"

"Only the submarine's periscope."

What Is Uric Acid?

Everyone has uric acid in the system, but naturally in small quantities. Excessive amount is caused by eating too much meat and foods that ferment in stomach. The kidneys, being the filters of the blood, are supposed to separate and throw the poisons out of the system. Weak, tired and overworked kidneys fail to do this, hence the uric acid accumulates and the urate salts are carried by the blood to the solid tissue structure, causing backache, lumbago, rheumatism, dropsy, drowsiness, and tired feeling.

To overcome the trouble is only a matter of toning up the kidneys, and this is best done by a treatment with Anuric, three times a day. Anuric is a recent discovery of Dr. Pierce of Buffalo, N. Y., and can be obtained at any drug store.

Experience taught Doctor Pierce that Anuric is a more powerful agent than lithia in dissolving uric acid, and it is then carried out of the system.

"CASCARETS" FOR SLUGGISH BOWELS

No sick headache, sour stomach,
biliousness or constipation
by morning.

Get a 10-cent box now.
Turn the rascals out—the headache, biliousness, indigestion, the sick, sour stomach and foul gases—turn them out to-night and keep them out with Cascarets.

Millions of men and women take a Cascaret now and then and never know the misery caused by a lazy liver, clogged bowels or an upset stomach.

Don't put in another day of distress. Let Cascarets cleanse your stomach; remove the excess fermenting food; take the excess bile from your liver and carry out all the constipated waste matter and poison in the bowels. Then you will feel great.

A Cascaret to-night straightens you out by morning. They work while you sleep. A 10-cent box from any drug store means a clear head, sweet stomach and clean, healthy liver and bowel action for months. Children love Cascarets because they never gripe or sicken. Adv.

THE ONWARD MARCH of Bronchitis, and deep seated Coughs is arrested by Doctor Pierce's Golden Medical Discovery. In those scrofulous conditions of the blood which invite Consumption; in severe, lingering Coughs, and Weak Lungs, which threaten you with this fatal disease, and when other help has failed—this medicine is a *proved* remedy.

As a blood-cleanser, strength-restorer, and tonic it is sure to benefit. In all lingering Bronchial and Throat affections, and in every disease that can be reached through the blood, it never fails to benefit or cure. In tablet or liquid form.

The machinery of the body needs to be well oiled, kept in good condition just as the automobile, steam engine or bicycle. Why should the human neglect his own machinery more than that of his horse or his engine? Yet most people do neglect themselves. Clean the system at least once a week with Dr. Pierce's Pleasant Pellets.
