

SANTA CRUZ PATAGONIAN

Campbell Is de Facto Governor While the Court Hears Contest

The Supreme Court Monday handed down a decision holding Thomas E. Campbell to be de facto Governor of Arizona. It was signed by Justices Franklin and Ross, Justice Cunningham submitting a dissenting opinion. The majority opinion holds that the certificate of election issued to Campbell is prima facie evidence of his election, and that he is therefore de facto governor. The court issued no writ, stating its belief that Governor Hunt would now surrender the office, but declaring that if he did not at the expressed wish of the court a writ will be issued.

In the dissenting opinion Justice Cunningham opposed the bill on the ground that mandamus was not the proper remedy, two others being at hand, proceedings in quo warranto, and the contest now pending. He further opposes the granting of the writ on the ground that Mr. Campbell is de facto State Tax Commissioner, having been elected two years ago for a term of four years, and that he has not resigned that office.

In case former Governor Hunt is successful in his contest against Governor Campbell, now pending in the Superior Court, he will lose no pay or emoluments by his absence from office during the period which Governor Campbell will preside as chief executive. The court makes this matter plain in the following language: "If successful in the contest, the defendant loses no right by doing this, not even the salary and emoluments of the office while out of possession, for, under the law, one holding office by virtue of the prima facie title only is a makeshift merely."

A late Phoenix dispatch to the El Paso Herald says:

"Superior Judge Sanford, before whom the recount of ballots is going forward, ruled that all ballots marked with a cross at the head of the party column and then marked again for Hunt or Campbell must be rejected. This ruling is believed to be a distinct point for Hunt, as there are said to be many more of these ballots marked for Campbell than for Hunt."

Patagonia Road to Be Improved Soon

J. W. Larrimore, county engineer, was in town Monday en route to Canille. He reports good progress on road work now being done on the Washington-Duquesne road and at the bridge. The bridge is practically completed and the approaches leading to it will soon be finished. It was necessary to make about two miles of new road in order to permit traffic on the Duquesne road, the bridge changing the old road from that camp. From the bridge toward Patagonia several miles of new road have been completed and will be opened for traffic within a few days. Engineer Larrimore estimates that it will take about another month to finish all the work where the present camp is established; then the crews will turn toward Patagonia. He says further that by the latter part of June or the first of July Patagonians will have a good road all the way to the county seat—one that none of us can kick about. This road from Patagonia to Nogales is by far the most important one in the county, and there has been considerable complaint that its improvement was not undertaken before other new work was started. Therefore, news that it is the intention to complete this road within the next few months will be joyfully received by citizens of this end of the county, who have a constantly increasing business with Nogales.

A report was in circulation in Patagonia Wednesday to the effect that George Wise, the big cattleman of Calabasas, has sold his entire herd of cattle to the Alamo Cattle company and intended to quit the cattle business. This is the result of the recent suit concerning ownership in the Baca Float. Mr. Wise claimed an interest in this great tract, but his interest was not upheld by the court. It is stated that the northern half of the float has been sold to the Alamo Cattle company by Weldon Bailey. Suit in the ejectment proceedings to oust the settlers will come up in the Tucson court some time this week.

A petition signed by 104 residents of Patagonia was this week presented to Manager C. L. Northcraft of the Sonolita Land Grant, asking the owners of the grant to donate fifty acres of land where the burial ground is now located, to be used by the community for a cemetery. Fifty acres seem like a very large tract of land for a cemetery for a community the size of Patagonia, but owing to the gulches and ravines on this part of the grant less than half the fifty acres will be available for burying purposes. It is devoutly hoped the owners of the grant will immediately take favorable action on the petition, in order that the grounds may be surveyed, platted and otherwise improved and beautified.

That we do the very best line of Commercial Printing and at reasonable prices. Give us your next order and let us prove our assertion.

Bear in mind, we want your business, and we propose making ourselves deserving. Are you with us?

THANK YOU

NEWS IN BRIEF

Tony Klein left Tuesday to join Mrs. Klein in Bisbee.

A party of Nogales business men, consisting of Messrs. Geo. Januel, H. B. Mitchell and O. H. Weaver, were in Patagonia last Sunday.

Sherman Rhinehart, the well-known cattleman, has been given the contract to supply beef to the Mowry camp when work is started up there.

W. R. Christman, who is building a new store building at Sonoita, was in town Tuesday, looking for adoberos. He reports the new store almost completed.

A small blaze was discovered at the home of Mr. and Mrs. Paul Wilkey Tuesday afternoon in time to be extinguished before any serious damage was done. Mrs. C. B. Wilson, a neighbor, gave the alarm.

A lot on the main street of Patagonia, 35x150 feet, is for sale for \$500. It is the only remaining lot on the main street of the town that is for sale. Bring in \$500 to The Patagonian office and get a deed to it. It looks like a mighty good buy.

Jens Peterson was through town Tuesday from the Alto country, where he has completed assessments on claims owned by Frederick Gullmann, returning to the American Boy, in the Santa Rita, which he and Mr. Clark are working with good success.

Some one in Patagonia mailed an order on January 18th to a Chicago mail order house and enclosed 75 cents in stamps, but neglected to sign the order or put his return address on the envelope. If the writer will call at the postoffice the matter will be adjusted.

Lonnie Chapman, aged about 12 years, the live little son of Mr. and Mrs. C. C. Chapman, had a narrow escape one day this week when the automobile driven by Mr. Fitts ran over him while coming down the Valenzuela hill.

Mr. and Mrs. Charles Curtis of the San Rafael valley were in town this week, bringing in their sick baby for treatment by Dr. Fitts.

H. J. Hayes, a colored gentleman from Nogales, has rented the old Smith building in Patagonia and opened a barber shop and restaurant.

Carlos Valenzuela, who is just getting around the house on crutches after several weeks in bed from a broken leg, slipped and fell down a flight of stairs one day this week. He was not seriously hurt.

Mr. and Mrs. Clyde McPherson were in town yesterday from their home ranch, shopping and greeting friends.

\$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is cataract. Cataract being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Cataract Cure is taken internally and acts thru the blood on the Mucous Surfaces of the System thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Cataract Cure that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

CONCENTRATES

A carload of mine timbers is being freighted out to the Duquesne company this week.

The compressor which has been on the platform here for some weeks is being moved this week to the Rupert, a few miles above town.

Tom Gittins, who has been doing work on the old Humboldt mine, in the Harshaw district, was in Patagonia last Saturday en route to his home in Nogales.

Out at the Deep Down, in the Santa Rita, Johnny Costello is said to have recently opened up a foot-and-a-half vein of good lead ore, which also carries silver values.

C. L. Beckwith, a mining engineer formerly connected with big copper companies of Arizona, is over from Globe, and is now out at Harshaw making an examination.

D. G. Kidder, representing the Arizona Tungsten company, who recently came into the district from Los Angeles, has established a camp on the company's claims, just beyond the Mowry, and is preparing to develop the property.

A car of about thirty tons of fine-looking lead-silver ore from the Bland was shipped to the smelter this week. Unless all calculations from the best ore judges fail, this shipment will bring back good returns.

A remarkably high-grade car of picture chalcocite was shipped from the Three R this week, the returns from which have not been received as yet, but which will run into big figures. The ore was taken out in the regular work of mining, but some of the workmen started to separate a few chunks of the extra high grade, and Superintendent Abel let them continue until the carload was made up. While awaiting the completion of the new concentrator the Three R continues shipping its high grade to the smelter.

Sweet Bye and Bye Is Forging Ahead

Charley Jones, the well-known Bisbee operator, has a crew at work on the Sweet Bye and Bye, a good property just on the other side of the Santa Cruz county line, in Pima county. The Sweet Bye and Bye is owned by Messrs. Jones, Muhlen and Anderson of Bisbee and Mayor William Powers of Patagonia. The property has been in the limelight of late on account of the exceedingly good showing made in development, a large body of low grade having been exposed. Several deals for the purchase of this group of claims have been on during the past several weeks, but for different reasons, principally failure on the part of intending purchasers to put up enough real money, they have failed to materialize. Mr. Jones is doing so well on the work that he says he is not looking for a buyer for the Sweet Bye and Bye now, and anyone who is fortunate enough to secure this property will have to pay well for it.

Mr. and Mrs. Clyde McPherson were in town yesterday from their home ranch, shopping and greeting friends.

Ed Bohlinger, the mining man, has returned from a trip to Phoenix, Globe and other parts of the State on business.

Leano Frasier of Elkin was through town Tuesday en route to Nogales.

List of Pupils Whose School Work Excels

Following is the roll of honor for the Patagonia school pupils for the month of January in both attendance and scholarship:

Attendance—Lonnie Chapman, Maria Espinosa, Edwin Guerra, Dave Gardner, Margaret Gardner, Hortense Huntington, Isabel Holden, Earl Holden, Grace Kane, Roger Riggs.
Scholarship—Edwin Guerra, English; Hortense Huntington, arithmetic; Dave Gardner, spelling, arithmetic and geography; Margaret Gardner, spelling; Cyble Holcomb, arithmetic; Thelma Johnson, history; Herbert Holcomb, spelling.
HAZEL MILLER.

Attendance—Rue Wilson, Bessie Holcomb, Lucile Pitta, Le Vancha Cook.
Scholarship—Lela Shields, spelling, ancient history, algebra and rhetoric; Lupe Valenzuela, arithmetic; Edwin Huntington, geography; Bessie Holcomb, English. FERRIS D. COOMBS.

Attendance—Kendrick Carman, Lizzie Gardner, Manuel Guerra, Albert Johnson, Agnes Davidovich.
Scholarship—Luz Parades, Lizzie Gardner, Maria Rodriguez; Jose Espinosa, Inez Espinosa, Mickey Costello, Ruth Gatin, Stella Sayre, Fred Gardner, Rita Gonzalez, Juana Hernandez, spelling; Kendrick Carman, Ruth Gatin, Jose Espinosa, Fred Gardner.
ALICE BRADFIELD.

The Duquesne Mining and Reduction company is shipping about 100 tons of ore and concentrates a day, or at an average of 3000 tons per month. Mr. Day is the new general superintendent of the big Duquesne plant, having accepted the position the first of the year, relieving Mr. Sanders.

A. Sydenham, private secretary to John Hoy, manager of the Trench Consolidated Mines company, is kept pretty busy these days in attending to ore shipments from this section for the Duquesne company, in addition to his regular duties as amicus.

Ed Bohlinger, the mining man, has returned from a trip to Phoenix, Globe and other parts of the State on business.

Leano Frasier of Elkin was through town Tuesday en route to Nogales.

Three R Flotation Concentrator Plant Practically Finished

The new oil flotation concentrator at the Three R is now practically completed, and is only awaiting the extension of the power line to start up. It is expected the power will be ready to turn on within a few weeks, as poles have already been placed, and there remains only the work of putting on insulation and stretching the wires. The new plant is the very latest idea in modern concentrator construction. It was built at a cost of about \$40,000, and is thoroughly up-to-date in every particular. It is built with a 100-ton a day capacity, but it is believed by different methods of speeding up the machinery an output of 125 or probably even as high as 140 tons a day can be run through. The building to cover the plant is also built with the idea in view of enlarging by the addition of another unit, everything being so arranged that the entire plant can be doubled in capacity with the minimum of expense and labor.

Nearly 100 men are now on the payroll at the Three R, and while the completion of the new concentrator will not require any considerable addition to the force, as the mill works almost automatically, within a short time the mine force will probably have to be increased. It is estimated that there is now enough ore on the dump to keep the new mill going at full capacity for two or three months.

Mr. Blackledge of Benson, a brother of Frank Blackledge, is visiting at the home of J. C. Trask in Patagonia this week. He may conclude to locate in Patagonia.

Mrs. L. L. Nevius of the San Rafael valley is enjoying a visit from her niece, who arrived this week from California for an extended visit.

D. F. Putnam is doctoring some sick trees this week. Dave understands expert horticultural work, and his services are in demand from those who have trouble with trees.

Mrs. Frank A. Stone is visiting her daughter in Nogales this week. Word comes up from the county seat that she has purchased a new automobile and will return home in it.

Everything for the Home and Camp

WHY shop at several stores when you can get a complete outfit, whether it be for the home, mine or camp, right under our one big roof? We are headquarters in this district for every necessity of the miner, rancher or mechanic. We can feed you and your livestock or clothe you and furnish the tools or machinery for whatever occupation you may follow.

DATES FOR COMING EVENTS.

March 5-7—Annual Convention Arizona Cattle Growers' Association at Globe.

Santa Cruz county has already appropriated \$6,500 for a road from Camille to Elgin.

A contract has been awarded for the construction of new and larger quarters for Flagstaff's postoffice.

The Southern Pacific has again taken up the project of securing a line through the Box cañon of the Gila, Christmas to San Carlos.

Two cases of whisky were destroyed in Cochise county under orders from Sheriff Harry C. Wheeler, which had been captured as contraband.

The high price of silver is interesting Tucson men to some extent and there is a possibility that some new silver properties will be opened up in the near future.

Arizona will have a game reserve covering the entire area of the Crook national forest, in Graham county, if a bill introduced in the state Senate becomes a law.

Arizona schools are given high praise in the preliminary report on the Arizona school system made under the director of the United States commissioner of education.

Because of the small Carranza force in northern and eastern Sonora, American mining men operating in those sections of the state are apprehensive of raids by Villa bandits from Chihuahua.

An additional wing, parallel to the present capitol building, and forty feet longer than the existing structure will be erected in the rear of the state house, if a bill introduced in the state Senate becomes a law.

Advices from Washington are that the Prescott National forest, which includes most of the Verde district, has been allotted \$6,255 for maintenance and improvements during the fiscal year beginning July 1, 1917.

Hammers are clanging and saws humming at the famous Indian Hot Springs health and recreation resort on the line of the Arizona Eastern railroad, sixty miles east of Globe, since it was purchased by Henry Hill.

The strike, which has been on the past two months at Ajo, when mechanics and carpenters walked out of the New Cornelia's works here, was closed when over a thousand workers who had lain idle during the trouble returned to work.

A party of Navajo chiefs dressed in full regalia has left for Washington, D. C., where they have an appointment to see the Big Chief Woodrow Wilson on some important business which concerns the welfare of their tribe and people.

After breaking into the C. A. Robinson store in Peoria, leading the safe on a depot truck and removing it fully a block from the shop where cash in the sum of \$355 and a rare collection of 300 coins were secured as loot, two men succeeded in making a clean getaway.

The University of Arizona has recently received notification from the secretary of the Interior, Franklin K. Lane, that President Wilson has authorized the setting aside of 500 acres of the Coronado National Forest for use by the University of Arizona as a military camp and tactics station.

Following a terrific battle, Labor Luera of Ash Fork killed a huge mountain lion with a small hatchet.

Announcement that General Funston has ordered a military road through the Fort Huachuca reservation was followed with the announcement that the citizens of Santa Cruz county intend to push vigorously their demands for a state highway from the Pima county line to Sonoita.

The Legislature entered upon its third week today with as much enthusiasm as if it had a governor to insure and regulate its pay days. The session opened with a hope that the court's decision in the Campbell-Hunt mandamus proceedings would be handed down and the long doubt ended. But still the court was silent.

Efforts are being made by officers of the Arizona National guard to procure the presence of all members who have not thus far reported for duty. While such delinquents are subject to court martial, dishonorable discharge and a penitentiary term, under a ruling in a test case recently, it is understood that anyone reporting voluntarily will be leniently dealt with.

An interline contract has been signed between the Santa Fé railroad and the Apache Trail Stage Company, giving Santa Fé patrons the advantage of buying through tickets from points on the railroad to Globe, Miami and Roosevelt.

A resolution denouncing the setting aside of 3,100,000 acres in Pima, Pinal and Maricopa counties for the Papago Indians and recommending the abolition or reduction of this reservation was passed by the House last week by an unanimous vote.

WESTERN MINING AND OIL NEWS

Western Newspaper Union News Service.
Arizona.

The production of gold from Arizona mines increased from \$4,166,025 in 1915 to approximately \$4,427,000 in 1916, a gain of over 6 per cent.

The smelting department of the Shannon Copper Company at Clifton has been tied up by a strike since last week. The mill and mines are still operating.

Following the activities of the Magna Copper Company, the camp of Superior has taken on new life, and the district is receiving marked attention from not only the mining world but from the investment public as well.

Preliminary estimates by D. F. Hewett of the United States Geological Survey, Department of the Interior, show that the production of manganese ore in 1916 was about 27,000 tons, the greatest since 1888, and nearly three times that in 1915, which was 9,709 tons.

According to advance figures by Victor C. Helkes of the United States Geological Survey, recently made public, the metal production of the state of Arizona during the year 1916 exceeded \$200,000,000. Mr. Helkes' statement follows: The output of gold, silver, copper, lead and zinc from mines in Arizona in 1916 had a record total value of nearly \$203,000,000, compared with \$99,806,349 for 1915. The notable output of copper and the high prices of metals both assisted in this increase of 123 per cent. There were record productions also of gold, silver, copper, lead and zinc.

Colorado.
Boulder, Colo.—Tungsten concentrates, 60 per cent, \$15.00 per unit. Crude ores, 60 per cent, \$15.00; 25 per cent, \$9.40; 12.00; 10 per cent, \$8.70; 10.00 per unit.

The Lackawanna Belle at Cripple Creek is being operated by a company of lessees organized at Twin Lakes.

Sterling business men have financed a company that will drill for oil in what is known as the Stoneham country.

The largest coal burning zinc smelters in the United States are located in Pueblo county at the little village of Blende.

The Fidelity Gold Mining Company, a Philadelphia corporation, has uncovered a rich vein in its property located between the Lackawanna Belle and Mount Champion, in the Cripple Creek district.

Things are progressing in the Leadville district through the operation of leasers. Parties leasing the Nisi Prius extension have opened a body of manganese ore on the 180 level and are now shipping 1,000 tons a month.

A Leadville report says: "Today Lake county is hoisting a heavier ore tonnage—in the neighborhood of 2,500 tons daily—than at any time during its wonderful history, with the average values far ahead of anything that ever took place in the past."

Reports from the Rico Argentine property state that the No. 305 drift is improving steadily. The drift is now all in a lead-silver ore, carrying some values in copper and zinc. This ore-body it is estimated will net the company not less than \$20 a ton.

Four sets of sub-lessees are active on the Dante mine on the southwestern slope of Bull hill, Cripple Creek district, and are reported to have an excellent showing, and the prospects for the return of the property to the shipping ranks at an early date are considered good.

New Mexico.
The Toltec Oil Company will start drilling the first test well fifteen miles north of Roswell.

The Chino del Norte Copper Company has just made its first shipment of ore to the El Paso smelter. It is high grade copper.

Conservative estimates of the mineral production in the Lordsburg district the past year run up to more than \$2,000,000, or double that of 1915. The production in 1915 was \$93,000 short tons, valued at \$1,094,795, while in 1916 it was \$2,100,000 tons, valued at \$2,100,000.

Albert J. Fitch, one of the former owners of the famous Graphic mine, in the Magdalena district, Socorro county, is now operating five different mines in five camps within a radius of fifteen miles of Hachita, Grant county. He is shipping 250 tons of ore from the Apache-Anderson mine, which has been a producer the past thirty-six years. He is working the Nutshell, near the Mexican boundary, carrying high-grade chalcocite and silver ore.

Wyoming.
The Hall Oil Company has let the contract for a deep well to be drilled on their lease on the Reservation, township 3, range 1, in the Pilot Butte field, twenty-eight miles northwest of Riverton.

Reports from Douglas state that the standard rig being operated by the Douglas-Wyoming Oil Company on its property recently purchased from L. C. Bishop, twelve miles west of that city, had drilled to a depth of about 900 feet.

IS CHILD CROSS, FEVERISH, SICK

Look, Mother! If tongue is coated, give "California Syrup of Figs."

Children love this "fruit laxative," and nothing else cleanses the tender stomach, liver and bowels so nicely.

A child simply will not stop playing to empty the bowels, and the result is they become tightly clogged with waste, liver gets sluggish, stomach sour, then your little one becomes cross, half-sick, feverish, don't eat, sleep or act naturally, breath is bad, system full of cold, has sore throat, stomach-ache or diarrhea. Listen, Mother! See if tongue is coated, then give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated waste, sour bile and undigested food passes out of the system, and you have a well child again.

Millions of mothers give "California Syrup of Figs" because it is perfectly harmless; children love it, and it never fails to act on the stomach, liver and bowels.

Ask at the store for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Adv.

Scan.
"What is your father fussing about?"

"He was all ready to start for town and he could not remember whether he had brushed his hair or not."

"Good gracious, it would not take him a minute to glance in the mirror and find out!"

"He can't tell by looking at it, he has to remember."

TAKES OFF DANDRUFF HAIR STOPS FALLING

Girls! Try This! Makes Hair Thick, Glossy, Fluffy, Beautiful—No More Itching Scalp.

Within ten minutes after an application of Danderine you cannot find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy. Just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable luster, softness and luxuriance.

Get a 25 cent bottle of Knowlton's Danderine from any store, and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all—you surely can have beautiful hair and lots of it if you will just try a little Danderine. Adv.

The question of extracting potash from wool scourings is being investigated.

An optimist takes a day off when he has a toothache.

A scoop which is also a scale has been invented by a man in Mobile, Ala.

There was a young lady named Banker, who slept while she lay at anchor. She awoke in dismay when she heard the mate say, "Now hoist up the top sheet and spunk!" It's enough to frighten anybody to awake un-dressed out of a sound sleep with the first symptoms of a cold clutching at the throat and lungs, with that chilly creepy feeling all over. Quick action is necessary at such times to nip it in the bud and thus prevent bronchitis or serious lung troubles. If you will always keep a bottle of Eoschee's German Syrup...

Eoschee's German Syrup
handy there is no need to worry. It gently soothes inflammation, eases the cough, insures a good night's sleep, with free expectation in the morning. This old remedy has been successfully used all over the civilized world for the last 51 years. 25c. and 75c. sizes at all druggists and dealers everywhere. Try it and see.

Don't Persecute Your Bowels
Cut out cathartics and purgatives. They are brutal, harsh, unnecessary. Try **CARTER'S LITTLE LIVER PILLS**. Purely vegetable. Act gently on the liver, eliminate bile, and soothe the delicate membrane of the bowel. Cure Constipation, Bloating, Sick Head, and indigestion, as millions know. SMALL PILL, SMALL DOSE, SMALL PRICE. PEACE WITH THE SWORD POINT

EMPEROR WILLIAM'S PROMISE ON BIRTH ANNIVERSARY.

FIGHTING ON THE FRONT

RENEWED EFFORTS BY BOTH THE TEUTONIC TROOPS AND THE ALLIES.

Western Newspaper Union News Service.

London.—Emperor William of Germany repeated on his 58th birthday anniversary his promise previously made to the German army that Germany would enforce peace with the sword. His message was sent to Berlin from the German great headquarters in reply to birthday congratulations, according to German newspapers.

The Emperor's declaration was made in the face of expectations in some of the entente capitals that he would make a notable peace move in an address he was expected to deliver at a meeting of Teutonic state, military and naval leaders assembled at the headquarters to celebrate the anniversary.

London.—The Teutonic troops are being subjected to terrific pressure by the allies in an offensive on every front.

Near Riga the Russians are following up their gain in which, according to an admission of the Berlin office, the German trenches were pierced. Rumanian troops, reinforced by Russians, are rapidly developing their offensive in the Moldavia theater. The Austrian lines on the Isonzo are being bombarded by the Italians, who report important successes, and the London war office announces German trenches have been carried by the British forces in France.

Petrograd.—Russian forces after artillery preparation assumed the offensive against the Austro-German fortified positions on both sides of the Kimpolung-Jacobeni road, near the northwestern frontier of Moldavia, and after stubborn fighting broke through the Teutonic line along a front of nearly two miles, says the Russian official statement.

One Thousand Reported Dead.
Paris.—The Dresden (Germany) arsenal has been blown up, and 1,000 women and young girls killed, according to a letter taken from a German soldier.

German Raider Off U. S. Coast.
Old Point Comfort, Va.—Wireless warnings sent out by allied warships told of the presence of a supposed German raider in latitude 40 north and longitude 60 west. Merchant ships were advised not to proceed in the direction of the position given as the last spot where the supposed raider was sighted.

Seattle Mayor Indicted.
Seattle.—Mayor Hiram C. Gill, Chief of Police Charles L. Beckingham, and former Sheriff Robert T. Hodge were indicted by the federal grand jury, charged with violation of the federal liquor laws. Government agents charge Mayor Gill received a \$4,000 bribe in connection with activities of an alleged ring which has made illegal liquor shipments into Washington since the prohibition law became effective a year ago.

Plot to Ship Arms.
London.—A plot to ship a large quantity of American-made arms and ammunition into Mexico so Carranza could resist intervention by the United States, details of which were brought to light when a Spaniard named Julian Urgoite was fined \$500, implicating Felix de la Reguera in Mexico, claiming to represent the Mexican minister of war, as well as Obregon himself. Urgoite testified to having lived six years in Mexico. The British interrupted his plot to ship large quantities of American arms and ammunition ostensibly for the United Kingdom, but which, when once on high seas, were to go to Mexico. He was tried for breach of the defense of the realm regulations, and is the ninth person convicted for attempting to deal in war materials without permission.

\$30,000 in Jewelry Stolen.
Lenox.—The New York police department is trying to follow a trail three months old to recover jewels valued at \$30,000, stolen from the home of Mrs. Robert Winthrop of Lenox. A reward of \$5,000 is offered.

Colorado's Share \$167,380.
Denver.—Apportionment of \$10,000,000 to aid the states in the construction of rural post roads, the second annual distribution in accordance with the federal aid loan law, has been announced by Secretary Houston of the Department of Agriculture in Washington. The funds are the apportionment for the fiscal year ending June 30, 1918. To meet the cost of administering the law \$300,000 has been deducted. Of the remaining \$9,700,000 Colorado gets \$167,380.

MOTHERHOOD WOMAN'S JOY

Suggestions to Childless Women.

Among the virtues of Lydia E. Pinkham's Vegetable Compound is the ability to correct sterility in the cases of many women. This fact is well established as evidenced by the following letter and hundreds of others we have published in these columns.

Poplar Bluff, Mo.—"I want other women to know what a blessing Lydia E. Pinkham's Vegetable Compound has been to me. We had always wanted a baby in our home but I was in poor health and not able to do my work. My mother and husband both urged me to try Lydia E. Pinkham's Vegetable Compound. I did so, my health improved and I am now the mother of a fine baby girl and do all my own house work."—Mrs. ALMA B. THOMSON, 216 Almond St., Poplar Bluff, Mo.

In many other homes, once childless, there are now children because of the fact that Lydia E. Pinkham's Vegetable Compound makes women normal, healthy and strong.

Write to the Lydia E. Pinkham Medicine Co., Lynn, Mass., for advice—it will be confidential and helpful.

OLD PRESCRIPTION FOR WEAK KIDNEYS

A medicinal preparation like Dr. Kilmer's Swamp-Root, that has real curative value almost sells itself. Like an endless chain system the remedy is recommended by those who have been benefited to those who are in need of it.

Dr. Kilmer's Swamp-Root is a physician's prescription. It has been tested for years and has brought relief to countless numbers who have suffered.

The success of Dr. Kilmer's Swamp-Root is due to the fact that it fulfills almost every wish in overcoming kidney, liver and bladder diseases, corrects urinary troubles and neutralizes the uric acid which causes rheumatism.

Do not suffer. Get a bottle of Swamp-Root from any druggist now. Start treatment today.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention this paper.—Adv.

ONE GIRL HE COULDN'T FOOL

And "Turn Down" Made Reporter Feel He Had Lost the Confidence of the Others Also.

She was one of those twentieth century young women who knows how she gets what she has, and who keeps a sharp eye out for laggards, especially of the opposite sex.

A newspaper reporter, on his daily round in search of the small news of the county seat town, entered the department store where she had begun work that morning. She watched him enter several notes in a scratch pad as a number of the girls gathered around and spoke in rather excited tones. When he had finished he made his way toward her, and by way of introduction said in his most pleasant manner:

"Do you have any news for the paper?"

"Not much," she answered, after casting a withering look at the inquirer. "There's nothing doing. You fellows on the newspapers go around to the stores every day and have the girls give you items, and then you go back to the office and write them up and get paid for it. But you can't work me."

And he wondered how it happened every girl on the floor was looking at him when he turned around on an avenue of escape.—Indianapolis News.

Cut From Menu.
"What are you paying for eggs?"
"Nothing. They're too blamed high."

Before starting the youngsters to school give them a piping hot cup of Instant Postum.

School teachers, doctors and food experts agree on two points—that the child needs a hot drink, and that the drink shouldn't be coffee.

Postum fills the need admirably and its very extensive use among thoughtful parents, coupled with the child's fondness for this savory, nourishing food-drink, show how completely it meets the requirement.

"There's a Reason" No change in price, quality, or size of package.

WESTERN CANADA LEADS AS WHEAT PRODUCER

342,000,000 Bushels Wheat in 1915; In 1916 Many Farmers Paid for Their Land Out of Their Crop.

That Western Canada is indeed "Mistress of Wheat" to the extent that its 1915 crop exceeded...

In 1915 the Dominion of Canada produced 376,000,000 bushels of wheat, which represented an average yield of 29 bushels to the acre.

The three Western Canadian prairie provinces of Manitoba, Saskatchewan and Alberta produced between them 342,000,000 bushels out of the total Canadian 376,000,000 bushels.

To illustrate further the greater productivity of Western Canadian land, we submit the following figures, showing the 1915 yields per acre in the three provinces of Western Canada...

Table with 2 columns: Province, Bushels per acre 1915. Rows include All Canada, Western Canada only, Province of Manitoba, etc.

In 1916 the crop was not as heavy, but the yields in many districts were very large. So large, indeed, was the acreage under cultivation in 1915...

Another factor is that this year Western Canada has experienced, in common with the entire North American continent, conditions that have been less favorable to the production of big crops.

The average yield of wheat in the three western provinces is estimated by the government at about 16 bushels per acre, oats 43 bushels, and barley 27 bushels.

The financial value of their crops to Western Canadian farmers has been greater this year than ever before. Owing to the high prices of grain that are prevailing, returns have been received that are extremely profitable.

It represents the gross return, and the cost of operation must be deducted. But it does not, even at the highest figures, cost more than 65 cents to raise a bushel of wheat in Western Canada.

It must be emphasized that the acre which produces a \$30.00 crop costs in the first case, probably less than that. In the United States the same class of land would cost in many districts from \$100 to \$200 per acre.

Farming and pig-rearing were the staple industries of Serbia.

tained at, on the average, from \$20 to \$30 per acre, with irrigated lands somewhat higher. It is no exaggeration whatever to say that a number of Western Canadian farmers have paid for their land entirely from the proceeds of last year's crop...

Friendly Suggestion. She (romantically)—There are times when my whole life seems to be filled with unsatisfied desires. He (practically)—I used to have the same trouble until I got the habit of using the newspaper want columns.

STOMACH MISERY GAS, INDIGESTION

"Pape's Diapepsin" fixes sick, sour, gassy stomachs in five minutes.

Time it! In five minutes all stomach distress will go. No indigestion, heartburn, sourness or belching of gas, acid, or eruptions of undigested food, no dizziness, bloating, or foul breath.

Pape's Diapepsin is noted for its speed in regulating upset stomachs. It is the surest, quickest and most certain indigestion remedy in the whole world, and besides it is harmless.

Please for your sake, get a large fifty-cent case of Pape's Diapepsin from any store and put your stomach right. Don't keep on being miserable—life is too short—you are not here long, so make your stay agreeable.

Pape's Diapepsin belongs in your home anyway. Should one of the family eat something which doesn't agree with them, or in case of an attack of indigestion, dyspepsia, gastritis or stomach derangement at daytime or during the night, it is handy to give the quickest relief known.

Feminine Charity. Hazel—Young DeAuber was married to that rich Gotrox girl last week. Almee—Why, I thought he was wedded to his art! Hazel—Well, he is, now. She's mostly art.

HIGH COST OF LIVING

This is a serious matter with housekeepers as food prices are constantly going up. To overcome this, cut out the high priced meat dishes and serve your family more Skinner's Macaroni and Spaghetti, the cheapest, most delicious and most nutritious of all foods.

The Reason. "The cynical poet says a man's wife is a little dearer than his horse. Now that isn't true."

"Of course, it isn't true. She is a great deal dearer. A man doesn't have to buy his horse a new outfit every half year."

Dr. Pierce's Favorite Prescription makes weak women strong, sick women well, no alcohol. Sold in tablets or liquid.—Adv.

The Race. "I shouldn't be surprised," said Mr. Chuggins, "if my being arrested for speeding was spite work."

"How could that be?" "The man got jealous because my flivver was beating his motorcycle."

"CASCARETS" FOR SLUGGISH BOWELS

No sick headache, sour stomach, biliousness or constipation by morning.

Get a 10-cent box now. Turn the rascals out—the headache, biliousness, indigestion, the sick, sour stomach and foul gases—turn them out to-night and keep them out with Cascarets.

Millions of men and women take a Cascaret now and then and never know the misery caused by a lazy liver, clogged bowels or an upset stomach.

Don't put in another day of distress. Let Cascarets cleanse your stomach; remove the sour fermenting food; take the excess bile from your liver and carry out all the constipated waste matter and poison in the bowels. Then you will feel great.

A Cascaret to-night straightens you out by morning. They work while you sleep. A 10-cent box from any drug store means a clear head, sweet stomach and clean, healthy liver and bowel action for months.

No Danger. Ella—I have a mind of my own. Stella—Don't worry about anybody laying claim to it.

Makes the laundress happy—that's Red Cross Bag Blue. Makes beautiful, clear white clothes. All good grocers. Adv.

Women of the Argentine Republic are beginning to enter the business field.

NEWS TO DATE IN PARAGRAPHS

CAUGHT FROM THE NETWORK OF WIRES ROUND ABOUT THE WORLD.

DURING THE PAST WEEK RECORD OF IMPORTANT EVENTS CONDENSED FOR BUSY PEOPLE.

Western Newspaper Union News Service. ABOUT THE WAR. Lieutenant Guynemer has bagged his twenty-eighth German aeroplane—his third in seventy-two hours—the official war office statement announced in Paris.

Renewed fighting has broken out in the Riga region on the Russian front, the war office announced in Berlin. The result of the engagements has been favorable to the Germans.

Capture of further Russian positions on both sides of the River Aa (Riga front), and repulse of strong hostile counter attacks on the east bank, has been announced in official statements in Berlin.

A small unidentified German vessel approached the Suffolk coast and fired a number of shells, only a portion of which reached the land. There were no casualties and only insignificant damage.

Dispatches from Montevideo received at Buenos Aires declared on reliable information that the German raider has been identified as the former Hamburg-South American liner Cap Ortegat.

Germany has started a sudden offensive toward Verdun—and an offensive whose first clash with the French defenders has been marked by desperate hand-to-hand fighting on the slopes of Dead Man's hill.

Capture of Russian fort positions of more than six miles extent, with fourteen officers, 1,700 rank, and thirteen machine guns was announced in the German official statement from Prince Leopold's front on both sides of the River Aa, Riga sector.

More than \$96,000,000 in gold was sold to the Bank of England by the Bank of France in 1916. That sum does not include loans of gold payable after the war. The Bank of France has advanced the government \$1,480,000,000. Its circulation of bank notes was \$3,326,000,000.

WESTERN. Adobe houses at the American field headquarters in Colonia Dublan were being blown down with dynamite and the flooring shipped to Columbus, N. M.

Fillings have been made, within a period of three weeks, on between 1,000,000 and 1,500,000 acres of government land in Colorado under the provisions of the 640-acre homestead act.

Small Woman, former wife of Sitting Bull, is dead at the Fort Berthold Indian reservation in western North Dakota from burns sustained when fire destroyed her shack at Lucky Mound.

The famous painting of Buffalo Bill by Papielna, the Italian artist, and many other rare and costly trophies owned by the old scout, will be entrusted to Denver's care "for the people of the country," according to plans which have been made by the colonel's widow.

The Mountain States Lumber Dealers' Association, which held its convention in Denver, elected the following officers: W. R. Grier of Cheyenne, president; J. O. Frestel of Santa Fé, N. M., first vice president; Fred Conine of Denver, second vice president; Henry Larsen of Rawlins, Wyo., third vice president; Larry Maroney of Denver, treasurer.

WASHINGTON. The amount of whisky consumed by the American people in 1916 apparently was greater than in any previous year since 1909, according to tax returns to the Treasury Department compiled in Washington.

That over 2,500,000 people use the national forests as playgrounds each year was the statement made Henry S. Graves, chief of the Forest Service, before the annual meeting of the American Forestry Association, just closed.

The railway brotherhood leaders a Washington have laid before President Wilson in writing their proposals for a compromise on his railway legislation program and he is considering them. The labor leaders propose instead of a law to prevent a strike or lockout pending an investigation that provision be made for investigation by a mixed board of employé and employers.

The State Department will act immediately on the appeal in the interest of George Bacon, newspaper man, supposed to be under arrest in Ireland. It was stated the "usual procedure" would be followed in the Bacon case, which means immediate inquiry will be made through Ambassador Page, London.

Reports reaching the Treasury Department from numerous sources were that shapers have been selling at premium the new designed quarter and half dollars coined in 1916, representing that the new coins are rare.

FOREIGN

There is more than \$500,000 worth of motor trucks standing in a vacant lot in Long Island City waiting to be shipped to Russia.

The imports of tires into India for 1915-16 show a big increase. During that period Italy exported tires to the value of over \$100,000 into India.

The employes of Schneider and Comat Harleur, the second largest steel works in France, and which is devoted to the manufacture of munitions, have gone on a strike.

France is in the grip of the severest cold weather for many years. The number of deaths from cold and the sufferings of the Parisians have been aggravated by the coal shortage.

Naval representatives of the four principal entente powers, Great Britain, France, Russia and Italy, have just completed a conference in London in which they determined what steps were necessary for unified and co-ordinate offensive and defensive operations by the various fleets.

An attempt was made to assassinate Yukio Ozaki, former minister of justice and leader of the Constitutional party, while he was addressing a mass meeting called to demand the resignation of the cabinet, in Tokio. While M. Ozaki was speaking two men armed with short swords sprang upon the platform and tried to stab him.

Immediate conscription of accumulated wealth to lighten the financial burden of the war is demanded in a resolution adopted unanimously at the annual meeting of the Labor party. The resolution calls for taxation of not less than fifteen shillings on the pound, on unearned incomes; direct taxation of land and nationalization of the banking system.

History Fails to Repeat. "Well, dad," remarked the modern prodigal, as he was about to shove his pedal extremities under the old man's mahogany, "is the obese calf ready for the slaughter?" "Gosh, yes!" exclaimed the old granger. "I culterate it air; but, plague take it air, I feel kind'r sorry fer yew, so I reckon I'll let yew live annuther week."

ANY CORN LIFTS OUT, DOESN'T HURT A BIT! No foolishness! Lift your corns and calluses off with fingers—it's like magic!

Sore corns, hard corns, soft corns or any kind of a corn, can harmlessly be lifted right out with the fingers if you apply upon the corn a few drops of freezone, says a Cincinnati authority. For little cost one can get a small bottle of freezone at any drug store, which will positively rid one's feet of every corn or callus without pain. This simple drug dries the moment it is applied and does not even irritate the surrounding skin while applying it or afterwards. This announcement will interest many of our readers. If your druggist hasn't any freezone tell him to surely get a small bottle for you from his wholesale drug house.—adv.

Paper-Making an Art. Paper was made from rags in Arabia more than ten centuries ago and the art was brought to Europe in the thirteenth century.

Why Rheumatism Comes With Cold Weather! BY VALENTINE MOTT PIERCE, M. D. A close connection exists between these two—cold weather and rheumatism. Prof. Alex. Haig, of London, has the most followers in the medical profession in the belief that the presence in the system of uric acid, or its salts in excess, is the real cause of rheumatism. Everyone has recognized the difference in the appearance of their water as soon as it gets cold; there is often a copious sediment of brickdust. Several causes may lead up to an accumulation of uric acid in the system, which, in turn, causes rheumatism or gout, or creaky joints, or swollen fingers, or painful joints. For one reason the skin does not throw off the uric acid, by profuse sweating, as in the hot weather, and the kidneys are unable to take care of the double burden. Another reason is that people do not drink as much water in cold weather as in summer, which helps to flush the kidneys. Again, they eat more meat in cold weather, and some people are so susceptible that they soon develop rheumatism after eating meat. At all such times persons should drink copiously of hot water, say, a pint morning and night, and take Anurie three or four times a day. This Anurie comes in tablet form and can be had at almost any drug store. It dissolves the uric acid in the system and carries it outward. I would advise everyone to take Anurie occasionally, and continue for three or four weeks, and in that way avoid rheumatism, gout and many of the painful disorders due to uric acid.—Adv.

Mean Shot. Jones keeps pigs as a hobby. He is of very small stature, and one evening he was taking a pig he had sold to its new owner, resting one arm on its neck to guide it along. As luck would have it, Brown, who is his mortal enemy met him, and seized his chance. "Halloo, Jones!" he said, "Have you started courting again?" Don't be misled. Ask for Red Cross Bag Blue. Makes beautiful white clothes. At all good grocers. Adv.

J. B. PRICE - - EDITOR AND OWNER

HERE AND THERE

The Patagonian this week is discontinuing a number of delinquent subscribers. The high price of paper and all printing material makes it imperative that all subscriptions be paid in advance. Some time during the year most of these subscribers would pay for their paper, but the day has passed when a country paper can carry delinquents. Only banks and other large businesses with plenty of money behind them can afford to carry accounts for any great length of time nowadaya. We hope no one will be offended because their paper has been stopped. By paying up one can be reinstated on the subscription, and once more receive The Patagonian regularly.

Recently this paper published an editorial suggesting a State-owned smelter as a possible remedy for the existing congestion at private owned smelters, which had become so acute of late weeks that further shipments of ore from Arizona mines not having contracts with the smelters were refused. Most of the smelters are supplied with ore from their own mines. Their refusal to accept additional ores for treatment necessarily resulted in working a hardship on prospectors and temporarily held back advancement of the great mining industry in this State. Since the article advocating a State-owned smelter was published we are in receipt of the following communication from the custom smelter at El Paso, which shows the position the smelters are in at the present time, and also gives a ray of hope for improvement in the near future:

Consolidated Kansas City Smelting & Refining Co.

El Paso Smelting Works
El Paso, Tex., Jan. 24, 1917.

Mr. J. B. Price, Editor
Santa Cruz Patagonian,
Patagonia, Arizona.

DEAR SIR: Having been a more or less regular visitor to Patagonia for the past ten years in the capacity of ore buyer, the mining news in The Patagonian, recording developments of that most interesting section of Arizona, gives much appreciated information.

I have just read your editorial on "A State-Owned Smelter," which correctly points out the inability of the smelters to handle all of the ores offered them, and the consequent restrictions placed on the miner. The remedy suggested leads me to believe that the miners do not fully understand the situation nor realize the difficulties under which the smelters are working at this time.

The Eastern manufacturers have been unable to deliver machinery and structural material for enlargements that were planned and under way to keep up with the increased tonnage of ores brought about by high metal prices. Furthermore, the smelters have experienced long delays over time estimated in delivering copper on the market, by reason of congested conditions at the copper refineries. More recently, the greatest difficulty has been experienced in securing sufficient coke and oil to keep the furnaces going at capacity.

That directors will authorize huge expenditures for improvements and enlargements, considering the present high prices of both labor and material, is ample evidence of their faith in the mineral resources of our great Southwest.

The interest of the custom smelter and the miner is identical, and what affects the prosperity of one must of necessity affect the other. It may be taken for granted that they would not ask the miner to discontinue the shipments of certain ores were they not obliged to do so. With the passing of cold weather, cutting down the demand for coal, which will enable the coke ovens to increase their output, no doubt conditions will be greatly improved; at least, the present need is more fuel rather than more furnaces to consume it.

D. J. ROBERTS.

ELGIN

The farmers around Elgin continue to ship feed in earload lots, a car of feterita seed, tons of milo maize and many dozen boxes of apples having been shipped since the first of the year.

Mrs. M. B. Mowrey received intelligence of the death of her father, Mr. W. P. Dever of Georgetown, Tex., January 21. The venerable old Christian gentleman was in his eightieth year.

Rev. Gellett of Benson will preach at Canelo next Sunday, Wednesday, February 7th, a Sunday school convention will be held at Canelo. Four visiting ministers will be present. Dinner will be served at the noon hour. Sunday school people from Sonoita, Rain Valley, Vaughn, Elgin and Canille are expected.

Two of the preachers will preach in Elgin at night and two at Sonoita the same evening.

High Cost of Paper

Does Not Stop El Paso Morning Times' Great Bargain Offer.

The El Paso Morning Times has announced a great bargain subscription price, good only during the month of February.

The offer is for both new and renewal subscriptions. The regular rate of The Times is \$8.00 per year, 75 cents per month, English edition, and \$5.00 per year, 50 cents per month, for Spanish edition; but during the month of February the following greatly reduced prices are offered: English edition, daily and Sunday, for one year, by mail only \$4.75, delivered by carrier or agent, \$5.25. Spanish edition, daily and Sunday, for one year, by mail only, \$3.00; by carrier or agent, \$4.00. The subscriber saves nearly 50 per cent.

It is an exceptional bargain, because The Times is worth the regular price. The Times pays for, and publishes, more news and special features every day in the year, than any other two papers in West Texas, New Mexico and Arizona combined. Complete Associated Press service, "covering the world" and correspondents in West Texas, New Mexico and Arizona, and features that brains produce, make The Times "The Southwestern's ONE BIG NEWS-PAPER." A paper to be appreciated by very enlightened family.

Subscriptions are payable to any local times agent. Ask your postmaster or send direct to The Times.

Trees have been set out in the two parks in Patagonia this week.

A. Sydenham leaves Sunday for Los Angeles to drive back a new automobile recently purchased by John Hoy.

DRESSMAKING—Women desiring dressmaking should call and see Mrs. Geo. Hand, Patagonia.

RESTORATION TO ENTRY OF

Lands in National Forest. Notice is hereby given that the lands described below, embracing 169,956 acres within the Coronado National Forest, Arizona, will be subject to settlement and entry under the provisions of the homestead laws of the United States and the act of June 11, 1906 (34 Stat., 253), at the United States land office at Phoenix, Arizona, on April 12, 1917. Any settler who was actually and in good faith claiming any of said lands for agricultural purposes prior to January 1, 1906, and has not abandoned same, has a preference right to make a homestead entry for the lands actually occupied. Said lands were listed upon the applications of the persons mentioned below, who have a preference right subject to the prior right of any such settler, provided such settler or applicant is qualified to make homestead entry and the preference right is exercised prior to April 12, 1917, on which date the lands will be subject to settlement and entry by any qualified person. A tract of 8.12 acres, within Sec. 9, T. 20 S., R. 16 E., being the area excepted for roadway purposes, as described in original List 3-2788; application of Wilbur Woodward, Sonoita, Arizona; Supplemental List 3-2788. A tract of .55 acres, within Secs. 7 and 8, T. 20 S., R. 16 E., being the area excepted for roadway purposes, as described in original List 3-2915; application of Jas. R. Thayer, Sonoita, Arizona; Supplemental List 3-2915. A tract of 2.10 acres, within Sec. 10, T. 20 S., R. 16 E., being the area excepted for roadway purposes, as described in original List 3-3119; application of Levi Gorman, Sonoita, Arizona; Supplemental List 3-3119. A tract of 2.15 acres, within Sec. 11, T. 20 S., R. 16 E., being the area excepted for roadway purposes, as described in original List 3-3124; application of George L. Stewart, Deniston, Texas; Supplemental List 3-3124. A tract of 2.03 acres, within Sec. 10, T. 20 S., R. 16 E., being the area excepted for roadway purposes, as described in original List 3-3182; application of Wm. Henry Barney, Sonoita, Arizona; Supplemental List 3-3182. The S 1/2, SE 1/4, Sec. 9, S 1/2 S 1/2 SW 1/4, Sec. 10, N 1-2 N 1-2 NW 1-4, N 1-2 S 1-2 N 1-2 NW 1-4, Sec. 15, T. 20 S., R. 16 E., 140 acres, application of R. C. Larimore, Sonoita, Arizona; List 3-3918. D. K. PARROTT, Acting Assistant Commissioner of the General Land Office. Jan. 17, 1917. First publication Jan. 26, 1917.

Notice of Forfeiture

Patagonia, Ariz., Nov. 15, 1916. To H. H. McCutchan and M. A. Hogan, their heirs and assigns:

You are hereby notified that I, Jake Johnson, the undersigned, have expended during the year 1915 the sum of Six Hundred Dollars (\$600.00) in labor and improvements upon the following lode mining claims, situated in the Wightman mining district, in Santa Cruz county, Arizona, to-wit: The Dixie No. 1, Dixie No. 2, Dixie No. 3, Dixie No. 4, Dixie No. 5, Dixie No. 6, the notices of location of which are recorded in the office of the Recorder of said Santa Cruz county, Arizona, in Book 15, pages 494 to 590 of Mining Locations.

The labor was done and improvements made in compliance with the requirements of the United States Laws, being the amount necessary to hold said mining claims for the annual period, ending December 31, 1915.

Now, therefore, if within ninety days from the personal service of this notice, or within ninety days after the publication thereof, you fail or refuse to contribute your proportion of said expenditure as co-owner, to-wit: One-half or Three Hundred Dollars (\$300.00) for the said year 1915, your interest in the said mining claims will become the property of the undersigned, your co-owner, who has made the expenditure required by law.

JAKE JOHNSON.

First publication Nov. 17, 1916.

Regular Christian Service

Union Sunday school, 3 p. m. every Sunday. Mrs. Coombs, Supt. Preaching services every other Sunday.

Other services by special appointment. It will always be a pleasure to meet all the friends at Sunday school and the other services.
