FRANTIC WITH PAIN

Long Suffering From Kidney Trouble More Than Words Can Describe. Doan's Brought Health and Happiness. Mrs. Anna Thorson, 230 South St., Stamford, Conn., says: 'I hadn't any more strength than a child, and after sweeping my back hurt me more and more. My headaches were so bad it seemed as though my skull were being torn into shreds and I would finally lose track of everything and lie in a stupor for hours. I felt I had to keep going or lose my mind and I kept up often when I trembled all over with weakness. My feet were swollen and every bone in my body seemed to ache. Mrs. Thorson My fingers got almost as rigid as pieces of wood and the knuckles swelled. The kidney secretions were dark colored, scanty and terribly burning. I suffered more than words can describe. I finally began using Doan's Kidney Pills and I believe with all my heart that they kept me out of the grave. I am well and happy after going through enough pain to drive me frantic. Doan's saved my life.' Signed before me this 13th day of Sept., 1915. BENJAMIN M. AVRES, Notary Public.

NEWS REVIEW OF CURRENT EVENTS

President Departs for France Without Senate's Approval of Nations' League.

CHANGES MAY BE NECESSARY

Fillbuster in Senate Kills Urgent Bills and Early Extra Session is Predicted—Progress of the Peace Conference Delegates in Paris. By EDWARD W. PICKARD. When President Wilson sailed away on his return trip to France last Wednesday there must have been some bitterness in his soul. For a very considerable part of the senate had refused to accept his dictates concerning the constitution of the league of nations, and congress had adjourned under circumstances that seem to make necessary the early calling of an extra session despite the president's flat declaration that he would not summon the new congress until his return from Paris.

for their action, for the Republican leaders would have permitted the passage of some of the bills, especially that adding \$750,000,000 to the revolving fund for railroad administration. Two measures that did get through in the last hours were the Victory loan and billion dollar wheat guarantee bills. The purpose of the filibuster was to compel the president to call the new congress in extra session in a short time, and so urgent are many of the measures that failed of passage that it seems likely he will have to yield to the demand. When he left America, however, he appeared as determined as ever not to summon congress until his return. His statement to the public, scoring the obstructionists, was rather unfortunate. The people read: "It is not in the interest of the right conduct of public affairs that I should call the congress in special session while it is impossible for me to be in Washington, because of a more pressing duty elsewhere, to co-operate with the houses."

in their murderous warfare, and why any criminal court in America, Great Britain, France or Belgium is not competent to try the accused individuals, whatever may have been their rank. Eminent legal bodies in several countries have reached conclusions at total variance with the reported finding of the commission over which Lansing presides. The Pan-German league also is taking steps to protect the ex-kaiser from justice, having issued a proclamation declaring the national assembly or the Ebert government is in honor bound to furnish him a safe retreat on German soil. That Ebert government, by the way, is becoming rather cocky in its attitude toward the allies. The cabinet held a meeting the other day with party leaders and others and all agreed that Germany could not submit to coercion from the entente powers in the armistice negotiations or in the peace parliaments. It was declared that the government would assume responsibility for possible consequences "if the entente tries to speculate on German patience." The demands of the allies for the immediate surrender of merchant shipping were held to be unacceptable because they would "paralyze the country's economic future," and the dismissal of German crews from the ships requisitioned was also objected to. In many parts of Germany the disorders created by the Spartans continue unabated, and there has been frequent and bloody fighting, in Berlin as well as other places. The Reds keep up their method of starting strikes, and in addition are said to be trying to open up the way through Koenigsberg, East Prussia, for the entry of their bolshevik brothers from Russia. This move was temporarily checked by the sending of strong forces of troops. Government soldiers also operated effectively in Berlin, where the Spartans were trying to get possession of the police stations but were routed by artillery fire. The government press predicted that the workmen and the government would reach an agreement and that the general strike would fall, leaving the most radical Reds as the only malcontents. The government has proposed that the soldiers and workmen's council be made an organic part of the governmental system under the new constitution that is being constructed at Weimar. Most of the present German leaders are still against any concessions to the demands of the Poles as to the eastern frontier, and the allies' commission now in session at Kreuz on the Brandenburg-Posen border, has a difficult question to settle. Field Marshal von Hindenburg is quoted as saying that the territory in dispute never will be held by the Poles, but will belong to either the Germans or the bolsheviks. He declares the anarchist hordes cannot be beaten off unless the people there rally to the defense of their homes and their families. The allied forces in northern Russia have retired somewhat before the attacks of the soviet troops, but have inflicted great losses on them. Trotsky is getting his big army more organized and is reported to be planning to drive through Bessarabia and into Roumania and Hungary, with the expectation of capturing Budapest. The most amazing story coming from Russia recently is that the soviet government hopes to arrange a big loan in America in return for mining and railroad concessions. And, at that, it might be done. The Irish question pestered the president almost to the hour of his departure. The house before adjourning adopted a resolution asking the peace conference to recognize the right of Ireland to self determination; and a big delegation of Americans of Irish blood waited on Mr. Wilson in New York to urge that he support that proposition. He refused to meet them until Justice Cohan of New York had withdrawn, that individual having been accused of taking part in Sinn Fein conspiracies and having been a defendant of Jeremiah O'Leary who was charged with obstructing the draft. What the president told the delegation was not made public.

HAY AND GRAIN MARKET.

HIDES AND PELTS.

Table of hide and pelt prices, including quotations for various types of hides like cow, horse, and sheep, and pelts like mink and fox.

Miscellaneous Markets.

Table of miscellaneous market prices for commodities like metal, sugar, and cash grain in Chicago.

A lengthy petition signed by residents of Globe and the vicinity was presented to the Senate urging the passage of a bill now before the Legislature which would make it possible to have twenty-round boxing contests in the state. The House committee of the whole finished with the appropriations bill, the final total it carried being in the neighborhood of \$5,100,000. This amount does not include the \$750,000 school fund or the state road fund of between \$800,000 and \$900,000. Organization of the Arizona Daily Newspaper Association, embracing nineteen out of the twenty daily newspapers published in the state of Arizona, was perfected at Tucson when the representatives of the daily press met in convention. The organization is non-sectarian and non-political in its aims and purposes. In the Red Cross survey of nursing resources in the Pacific division, which recently was completed by the division bureau of nursing, there was found to be a total of 10,210 nurses in California, Nevada and Arizona. In that number California has 9,416; Arizona, 907, and Nevada, 194. This will be increased as belated reports reach headquarters. Governor Campbell has signed the following bills: House bill 60, providing that for school terms which have been broken by epidemics the funds required shall be computed on the basis of the previous year's attendance. House bill 49, providing for the administration of small estates. House bill 53, providing for the annual school levy. Senate bill 10, an appropriation for the northern Arizona fair. P. R. Milnes, private secretary to Governor Campbell, has been served with papers in a \$100,000 libel damage suit launched by L. B. Whitney, lawyer, against the Prescott-Journal Miner Publishing Company, of which Mr. Milnes is an officer. The suit is based on an article printed in the Journal-Miner dealing with an alleged resolution of the Prescott Bar Association, following the trials of so-called I. W. W. members. Holders of stock in the Jerome-Portland Copper Mining Company, fraudulently issued to them by A. B. Crane, the former manager, have brought suit in the Superior Court at Prescott with a view to setting aside the transfer of the Jerome-Portland holdings to the newly organized Jerome Bisbee Copper Company. The stock in question was fraudulently issued by Crane to himself and fraudulently sold, according to the ruling of the Superior Court which preceded the appointment of a receiver. Governor Campbell has transmitted to the Senate a message bearing his veto of Senate highway bill 17, which would create a highway board composed of the governor, secretary of state, state treasurer, president of the Senate and speaker of the House, to name a state highway commission, which the governor asserts, is his right. The vetoed bill carried a two year appropriation of \$3,000,000 with another \$200,000 to meet federal aid requirements. Search for the body of Mrs. M. Artunoff, believed to have been slain, ended when deputy sheriffs discovered what had been reported as the burial place of the body and found instead a barrel of whisky. After searching the Artunoff ranch for weeks in a fruitless effort to find the grave in which it had been reported Mrs. Artunoff was buried, officers finally discovered a spot where the sod was sunk below the level of the surrounding ground. The place answered the descriptions of the supposed location of the "grave" and the hole was again opened. At a depth of six feet the officers found not a coffin but a barrel of whisky. Dr. Lacy of Gila county brought in a bill to regulate the profession of nursing. The measure provides for the appointment under the health board of a state director of nursing and for the examining and registration of graduate nurses. The director of nurses would receive a \$1,500 salary and would have to be a graduate nurse. Governor Campbell has appointed five Arizona delegates to attend the convention of the American Academy of Political and Social Science in New York, May 2 and 3.

OPEN NOSTRILS! END A COLD OR CATARRH

How To Get Relief When Head and Nose are Stuffed Up. County fifty! Your cold in head or catarrh disappears. Your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more snuffling, hawking, mucous discharge, dryness or headache; no struggling for breath at night. Get a small bottle of Ely's Cream Balm from your druggist and apply a little of this fragrant antiseptic cream in your nostrils. It penetrates through every air passage of the head, soothing and healing the swollen or inflamed mucous membrane, giving you instant relief. Head colds and catarrh yield like magic. Don't stay stuffed-up and miserable. Relief is sure.—Adv.

What Was Wrong?

Judd—You're wasting your time, old man. You're courting the wrong girl. Budd—No; she's the right girl, all right, but I'm afraid the trouble is I'm the wrong man.

Freshen a Heavy Skin

With the antiseptic, fascinating Cuticura Talcum Powder, an exquisitely scented, convenient, economical face, skin, baby and dusting powder and perfume. Renders other perfumes superfluous. One of the Cuticura Toilet Trio (Soap, Ointment, Talcum).—Adv. Disfranchised. "It is decided that a man's residence is where he sleeps." "Then I can't vote at all." "Why not?" "Bad case of insomnia."

Weekly Health Talks

A Single Remedy Often Cures Many Diseases

BY VALENTINE MOTT, M. D. It is almost impossible to give a list of the endless diseases that follow indigestion. Perhaps a whole column in this newspaper would be required to print them all. You eat to keep alive—to supply blood and flesh and bone and muscle and brain. It is easy to see that if your food is not digested and taken up by the delicate organs and distributed where it is needed, a disease of some sort is sure to come. Dyspepsia is a common symptom, and so are liver complaint, loss of flesh, nervousness, bad memory, dizziness, sleeplessness, no appetite. Many times, when neglected, indigestion results in coughs, throat diseases, catarrh, bronchitis and even more dangerous things. And all these disorders arise because the food is not properly digested in the stomach. It is plain even to a child that relief and cure are to be had only by setting up a healthy condition in the stomach. Dr. Pierce's Golden Medical Discovery, for the list of people all over the world who have had their countless ills overcome by Dr. Pierce's Golden Medical Discovery makes an amazing total of thousands. I know of no advice better than this: Begin a home treatment today with this good vegetable medicine. It will show you better than I can tell you what it will do. When taking Golden Medical Discovery, you can rest assured of one very important thing—it contains neither alcohol nor opiates. There is nothing in it but standard roots and herbs that possess curative properties of a high order. A safe medicine is the only kind you can afford to take.

Old Folk's Coughs

will be relieved promptly by PISO'S. Stops throat tickle; relieves irritation. The remedy tested by more than fifty years of use is

Pull Together for Benefit of the Town

In all probability this is the next state to become densely populated. Many of its spirited towns will become centers of trade, and of those which do it will be because of the united efforts of the citizens in encouraging trade and other interests necessary to the growth of a town. We believe we are peculiarly well situated to be caught up in the tide and ride proudly forward on the topmost wave of prosperity. We should clear the shore of the breakwater of jealousy, discontent and discouragement. We should have strong faith in its possibilities and pull together with even and steady stroke. Our splendid school privileges, if advanced and maintained as they should be, will prove an incentive to draw. Another important feature is to advise your town, speak good concerning it and show forth its excellencies. Save your money and when you spend it, spend it at home. Some of it will be sure to come back to you. When able to build, build at home and encourage your friends to do the same. Encourage every one to come and live with us. During the past few years many strangers have settled with us through the encouragement of friends here. They are good citizens; they build or buy substantial homes, and take an active interest in the general welfare of the town. Keep your business to the front, and every interest of the town on the observatory, to be seen by the world.

We presume that every citizen of our town is, or ought to be desirous to see it advance, to see it improve, to see it advance in all the interests that pertain to a town of thrift and enterprise. We do not believe our neighbors, who have no particular interest in our welfare, would be so very mindful of us as to give us a boost by investing a few thousand dollars for our especial good, or starting any enterprise that would be for the upbuilding of our town. If a town is ever built up and placed in a growing condition it will be directly or indirectly due to those who live in it, and it you wish to know the steps to be taken we will cite a few. Talk it up, its interests, its facilities and various adaptabilities to different branches of industry. Write about it, beautify its streets, invest your money in it, patronize its merchants and every enterprise started as far as it is at all consistent, advertise in its newspapers, be courteous to those who come among you and never let an opportunity to speak a good word about it pass. Remember that every dollar you invest in a permanent improvement is that much money at interest and is that much toward building up your town.

There is no quicker way to take the life, growth, and energy out of a town than for its citizens to be constantly holding up the dark side of the picture to the gaze of the inquirer. The word "if" keeps everyone in doubt, and doubt keeps every man from going forward with the improvements he would otherwise make. There is nothing like confidence to make a success of anything.

Keep an Eye on the Back Yard.

A very strong argument against back yards is the spirit of deception which it is apt to foster in the young members of the family, for it is a constant deceit to present a clean and attractive front yard to the gaze of passers, while the back yard is not fit to be seen. Children should be taught to be clean for the sake of cleanliness and not because outsiders will be likely to criticize them. Do not allow anything to be thrown about. Have drains made to convey all slops entirely away from the house. Make good walks, and let the ground have a fine covering of grass, not weeds. Put up strong supports for the clothes line. Keep the fence in repair, and plant currant bushes near it. Set vines about the refuse barrel and train them over it until it is hidden. If you have a receptacle for ashes, let it be something which can be shut up, not a row of old barrels to offend the eye and give out a cloud of dust every time the wind blows. Make it a rule to have the back yard at all times as clean as the front one.

Cigar and Tobacco Prices Increased.

Consumers of tobacco have been inclined to protest against the recent advance in the prices of the "weed" in all forms. It is stated, however, the new revenue tax imposed by the government is responsible for the increased cost. Cigars made to retail at 5 cents must pay a tax of \$4 per 1000, those which sell at 8 cents \$6 per 1000, those retailing at 15 cents \$9 per 1000. The tax on cigarettes ranges from \$2 to \$7.20 per 1000, while upon all manufactured tobacco a tax of 18 cents per pound is levied.

FIGHTERS GOT THEIR "EATS"

How American Soldiers at the Front Were Supplied by the Commissary With Food.

The service of supply of the American army receives a lion's share of praise for our victory. Needs of men in the trenches and on the fighting line were well cared for. Hot meals were served to them to an extent unprecedented in any other war. Under barrage fire and gas attacks, however, hot food could not be carried forward. To meet this difficulty sealed containers were provided, each holding sufficient food for 25 men for a day. These containers were absolutely airtight to prevent poisoning of food by gas. They contained a dry, hard corn bread, corned beef, corned-beef hash, roast beef, salmon, sardines, salt, sugar and coffee soluble in cold water, together with the necessary can openers. Each container weighed 107 pounds and was cleverly camouflaged for its trip to the firing line. An emergency ration similar to the "iron ration" of the British army was provided for the Americans. This was the ration they carried over the top and used only in dire extremity. It consists of ground meat and wheat pressed into a cake, and a block of sweet chocolate. The cake can be eaten dry or stirred into cold water. One cake boiled four minutes in three pints of water makes a nourishing soup. In one pint of water an acceptable porridge. The S. O. S. relied upon its mighty accumulation of foods from America for everything except fresh vegetables. It was almost independent in this respect, however, for 16,000,000 pounds of dehydrated vegetables were contracted for in the United States.—Thomas F. Logan in Leslie's.

New Enemy of the Oak.

Reports of the defoliation of various species of oak have come into the forest service offices from western Washington, the Rogue River valley and the Willamette valley, according to District Forester Cecil. This defoliation has been caused by a caterpillar known as the western oak looper worm, which operates from Oregon to British Columbia, and which has been known to defoliate the oak in certain areas for several years in succession. Successful methods of controlling this caterpillar have been devised by the bureau of entomology.

No "Can't" in Banking.

The vice president of a big San Francisco bank remarked recently that they had run their business without any bank after the fire of 1906, without any money before the issue of clearing house certificates in 1907 and without any men in the war-time influenza epidemic of 1918, offering further proof, if proof be needed, of the resourcefulness of bankers.—Pacific Banker.

RABELAIS PROVED A PROPHET

Events He Recorded, in Tale for the Nursery, Have Now Become Assured Facts.

When Pantagruel took leave of the good Gargantua, his royal father, and took shipping at the port of Thalasua for Catay, in upper India, he completed in four months the voyage which it took the Portuguese three years to complete, says the Christian Science Monitor. Many leagues then lay between father and son, but they communicated. That is the point in turning over the leaves of the cure's book at this hour, when the dream of the dominion of the air, which has haunted the imaginations of men for centuries, has come true. Pantagruel, hastily making purchases at the fair somewhere in Asia, bears a joyful cheer and sees that one of his father's advice books has arrived—"that ship was light as a Lark, so that it seem'd rather to fly on the sea than to sail." Pantagruel asked Mallico, the bearer of dispatches, whether he had Gargantua, the heavenly messenger. "Yes, Sir, here it is swaddled up in this basket." It was a grey Pigeon which Pantagruel caus'd to be undressed and a white Ribbon ty'd to its feet. The Pigeon presently flew away and in two hours it compass'd the air, and Gargantua, hearing it had a white ribbon on your neck, came in his son's welfare. That is Rabelais' little story, a tale for the nursery, but with all the potentialities which, in the fullness of time, have been realized.

DUMAS A PROLIFIC AUTHOR

But His Output of Books and Plays Awaits Him Nothing When He Sought Election.

One of the most original election addresses on record was that issued by Dumas pere in 1818, when he stood for a division of Paris. Although Dumas had been an ardent republican long before the downfall of Louis Philippe, it was mainly as an employer of labor that he sought the suffrages of democracy. "During the past 20 years (he wrote, it is recently) I have composed 400 volumes and 35 plays. Each volume averaged a sale of 4,000 copies, and each play averaged 100 performances. I have thus helped to give employment to printers, papermakers, bookbinders, booksellers, etc.; also to actors, actresses, stage hands, scene painters, theatrical costumers, etc. The sale of my works produced about 11,858,000 francs, and the money paid to see my plays totaled about 6,360,000 francs. Taking the average daily wage of all concerned at three francs, and reckoning 300 working days to the year, my books and my plays have kept 1,041 persons for the same period. This address, of which huge quantities were distributed, failed in its purpose. Two years later Dumas sought election for Guadeloupe and was again defeated. This so disgusted him that he never tried for election again.

Marie's American Anthem.

In far away France little Marie, aged six, visited the Red Cross hospital near her home every day, and became very popular with the convalescent American soldiers there. She soon became very good friends with the soldiers and they delighted to teach her scraps of English. When they sang she joined them in their American songs. One day, in Marie's school, teacher asked her class the title of America's national anthem. The class looked blank, until Marie, with a flash of inspiration, jumped to her feet and announced, "Hail! Hail! The Gang's All Here," in quaint, rolling English.

Heating the House.

The proper temperature for various rooms of the home are as follows: The living room should be 70 degrees, no more. It should be occasionally aired so that it does not become close, but the doors should be kept closed into the hall. The dining room and kitchen should be heated to 65 degrees. Most kitchens rise higher than that. The bedrooms should be heated not at all, except for the little time that the occupants use them for dressing. The bathroom should be made as warm as you choose and the halls should be given no special heat, as we are always exercising when we are going through them.

Clever Engineering Feat.

Bisecting long boats so that they could be taken through the Welland canal was considered an interesting feat a short time ago, but this has been surpassed, according to the Popular Mechanics Magazine, The Charles B. Van Hise, a 10,000-ton boat, was wanted for Atlantic service. It had a 50-foot beam, whereas the canal is only 44 feet wide. The boat was cut in two and each half was turned on its side in order to be taken through the locks. Floating in this position each section cleared the lock sides by just 8 inches.

Thinks Many Will Fly.

The principal of one of the chief American schools for airplane mechanics thinks that flying is going to be the next great American amusement. He reminds us that our aviation corps has contained a great many young men of large wealth who have shown themselves good sportsmen. They can afford to buy and maintain their own machines and, having become accustomed to a speed of a hundred and fifty miles an hour, will find the ordinary modes of travel tame.—Youth's Companion.

Western Canada's "Horn of Plenty" Offers You Health & Wealth

Western Canada for years has helped feed the world—the same responsibility of production still rests upon her. While high prices for Grain, Cattle and Sheep are sure to remain, price of land is much below its value. Land capable of yielding 20 to 45 bushels of wheat to the acre can be had on easy terms at from \$15 to \$30 per acre—good grazing land at much less.

Many farms paid for from a single year's crop. Raising cattle, sheep and hogs brings equal success. The Government encourages farming and stock raising. Railway and Land Companies offer unusual inducements to Home Seekers. Farms may be stocked by loans at moderate interest. Western Canada offers low taxation, good markets and shipping; free schools, churches and beautiful climate.

For particulars as to reduced railway rates, location of land, illustrated literature, etc., apply to Dept. of Mining, Ottawa, Can., or W. V. BENNETT, Room 4, Bee Building, OMAHA, Neb. Canadian Government Agent

COLT DISTEMPER

You can prevent this loathsome disease from running through your stable and cure all the colts suffering with it when you begin the treatment. No matter how young, SPOHN'S COMPOUND is safe to use on any colt. It is wonderful how it prevents all distempers, no matter how the colts or horses at any age are "exposed." SPOHN'S is sold by your druggist.

SPOHN MEDICAL CO., Sole Mfrs., Goshen, Ind.

Love Finds a New Way.
The "honeymoon express" is the name of an airplane on exhibition at New York. It is elaborately upholstered and has a telephone between bride, bridegroom and pilot, a windshield and other novel fixings. The bicycle built for two, how far in the distant past!—Springfield Republican.

Perhaps all things come to him who waits, but there are many things not worth waiting for.

Where Valkyries Rush in.
We have tried to be sane in the matter of popular prejudice against German music, but when a five-piece picture-show orchestra undertakes to play the "Ride of the Valkyries," then the A. P. L. and its allied forces of suppression cannot act too quickly to suit us.—Kansas City Star.

One may learn what is in the human heart by what comes out of it.—Swiftburne.

WEAK KIDNEYS MEAN A WEAK BODY

When you're fifty, your body begins to break a little at the hinges. Motion is more slow and deliberate. "Not so young as I used to be" is a frequent and unwelcome thought. Certain bodily functions upon which good health and good spirits so much depend, are impaired. The weak spot is generally the bladder. Unpleasant symptoms show themselves. Painful and annoying complications in other organs arise. This is particularly true with elderly people. If you only know how, this trouble can be obviated.

For over 200 years GOLD MEDAL Haarlem Oil has been relieving the inconvenience and pain due to advancing years. It is a standard, old-time home remedy, and needs no introduction. It is now put up in odorless, tasteless capsules. These are easier and more pleasant to take than the oil in bottles.

Each capsule contains about the dose of five drops. Take them just like you would any pill, with a small swallow of water. They soak into the system and throw off the poisons which are making you old before your time. They will quickly relieve those stiffened joints, that backache, rheumatism, lumbago, sciatica, gall stones, gravel, "brick dust," etc. They are an effective remedy for all diseases of the bladder, kidney, liver, stomach and allied organs.

GOLD MEDAL Haarlem Oil Capsules cleanse the kidneys and purify the blood. They frequently ward off attacks of the dangerous and fatal diseases of the kidneys. They have a beneficial effect, and often completely cure the diseases of the bodily organs, allied with the bladder and kidneys.

If you are troubled with soreness across the loins or with "simple" aches and pains in the back take warning, it may be the preliminary indications of some dreadful malady which can be warded off or cured if taken in time.

Go to your druggist today and get a box of GOLD MEDAL Haarlem Oil Capsules. Money refunded if they do not help you. Three sizes. GOLD MEDAL are the pure, original imported Haarlem Oil Capsules. Accept No Substitutes.—Adv.

THE KITCHEN CABINET

Would you throw away a diamond because it pricked you? One good friend is not to be weighed against the jewels of the earth. If there is coolness or unkindness between us, let us come face to face and have it out. Quick, before love grows cold.—Robert Emith.

TASTY TIT-BITS.

A most delicious and economical accompaniment to roast beef is

Richmond Corn Cakes.—To three-fourths of a cupful of canned corn add one-half cupful of milk, one-half tablespoonful of sugar and two eggs well beaten. Mix and sift seven-eighths of a cupful of flour, one teaspoonful of salt, one tablespoonful of baking powder. Combine mixtures and drop by spoonfuls in buttered muffin rings; set in a buttered dripping pan; bake in moderate oven.

Cadillac Chicken.—Wipe a chicken dressed as for broiling; sprinkle with salt and pepper; place in a well-greased broiler and broil over a clear fire for eight minutes. Remove to a pan and rub over with the following mixture: Cream four tablespoonfuls of butter, add one teaspoonful of mustard, one-half teaspoonful of salt, one teaspoonful of vinegar and one-half teaspoonful of paprika. Sprinkle with three-fourths of a cupful of buttered crumbs and bake until the chicken is tender.

Swedish Halibut.—Wipe a slice of halibut weighing one pound. Place in a shallow earthen baking dish; sprinkle with salt, pepper and brush with melted butter. Drain canned tomatoes and add three-fourths of a cupful of pulp; add a teaspoonful of powdered sugar and spread over the fish. Cover with one-half sliced onion. Bake 20 minutes; pour over one-third of a cupful of heavy cream, and bake ten minutes. Remove the onion and garnish with parsley.

Jellied Prunes.—Pick over, wash and soak one-third of a pound of prunes in two cupfuls of cold water; cook in the same water until soft. To the prune water add enough water to make two cupfuls. Soak two and one-half tablespoonfuls of gelatin in half a cupful of cold water; dissolve in the hot liquid and add one cupful of sugar, one-fourth of a cupful of lemon juice; add prunes and chill. Str twice while cooling to keep the prunes from setting.

Why this longing, this forever sighing,
For the far off, unattained and dim?
While the beautiful, all around thee lying,
Offers its low, perpetual hymn.
—Harriet Winslow.

SEASONABLE DISHES.

We may still indulge in the favorite shell fish. Try this recipe:

Norfolk Oysters.—Cover the bottom of a baking dish with three-fourths of a cupful of hot boiled rice; cover the rice with one-half a pint of oysters; pour over one-half cupful of white sauce, dot with butter and sprinkle with salt and pepper; repeat, using the same amount of ingredients. Cover with buttered crumbs and bake in a hot oven 30 minutes.

Barbecued Ham.—Soak two thin slices of ham in lukewarm water 25 minutes. Drain, wipe, cook in a hot frying pan until delicately browned, and remove to a hot platter. To the fat in the pan add two tablespoonfuls of vinegar, one teaspoonful of mustard, one-eighth of a teaspoonful of paprika and one-half teaspoonful of sugar. When thoroughly heated pour over ham and serve at once.

Cracker Plum Pudding.—Four cupfuls of scalded milk over one and one-fourth cupfuls of rolled cracker crumbs and let stand until cool; add one cupful of sugar, four beaten eggs one-half a grated nutmeg, one teaspoonful of salt and one-third of a cupful of melted butter. Parboil one and one-half cupfuls of raisins in boiling water, cover, add to the mixture. Turn into a buttered baking dish and bake slowly two and one-half hours, stirring the first half hour. Serve with any preferred sauce.

Fruit Cream.—Soak a tablespoonful of granulated gelatin in one-fourth of a cupful of cold water, dissolve in one-fourth of a cupful of scalded milk and add one-half a cupful of sugar and one teaspoonful of lemon juice. Strain into dish and set into ice water, stirring constantly, and when the mixture begins to thicken add the whites of two eggs beaten stiff and one cup of heavy cream beaten stiff, one-third of a cupful of stewed prunes cut in bits, three figs chopped and two tablespoonfuls of blanched and chopped almonds. Mold and chill.

Thought Vowels Were Birds.
Examiner—Well, my good boy, can you tell me what vowels are?
First Boy—Vowels, zur? Es, of course I can.
Examiner—Tell me, then, what are vowels?
First Boy (grinning at the simplicity of the question)—Vowels zur! Why, vowels be chickens.—Farm and Home.

SAGE TEA BEAUTIFIES AND DARKENS HAIR

Don't Stay Gray! It Darkens So Naturally that Nobody can Tell.

You can turn gray, faded hair beautifully dark and lustrous almost overnight if you'll get a bottle of "Wyeth's Sage and Sulphur Compound" at any drug store. Millions of bottles of this old famous Sage Tea Recipe, improved by the addition of other ingredients, are sold annually, says a well-known druggist here, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray or becoming faded have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful.

This is the age of youth. Gray-haired, unattractive folks aren't wanted around, so get busy with Wyeth's Sage and Sulphur Compound to-night and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days.—Adv.

Not Susceptible to Experiment.
"Now everything has its use," explained the guy who knows pretty nearly everything and knows it. "Take poison, for example."
"Excuse me!" said his long-suffering friend, as he started to leave. "You can take it yourself. If you want to, but you can't work your experiments out on me."—Exchange.

Catarrhal Deafness Cannot Be Cured
by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure Catarrhal Deafness, and that is by a constitutional remedy, HALL'S CATARRH MEDICINE acts through the blood on the Mucous Surfaces of the System. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing may be destroyed forever. Many cases of Deafness are caused by Catarrh, which is an inflamed condition of the Mucous Surfaces.

ONE HUNDRED DOLLARS for any case of Catarrhal Deafness that cannot be cured by HALL'S CATARRH MEDICINE.

Tuxedo
The Perfect Tobacco for Pipe and Cigarette

Guaranteed to Satisfy or Your Money Back

CHOCOLATE

SUPERIOR PIPE

"Your Nose Knows"

All smoking tobaccos use some flavoring. The Encyclopaedia Britannica says about the manufacture of smoking tobacco, "... on the Continent and in America certain 'sauces' are employed... the use of the 'sauces' is to improve the flavour and burning qualities of the leaves."

Tuxedo uses chocolate—the purest, most wholesome and delicious of all flavorings! Everybody likes chocolate—we all know that chocolate added to anything as a flavoring always makes that thing still more enjoyable. That is why a dash of chocolate, added to the most carefully selected and properly aged burley tobacco, makes Tuxedo more enjoyable—

"Your Nose Knows"

Try This Test: Rub a little Tuxedo briskly in the palm of your hand to bring out its full aroma. Then smell it deep—its delicious, pure fragrance will convince you. Try this test with any other tobacco and we will let Tuxedo stand or fall on your judgment—

Proof that Some Women do Avoid Operations

Mrs. Etta Dorion, of Ogdensburg, Wis., says:
"I suffered from female troubles which caused piercing pains like a knife through my back and side. I finally lost all my strength so I had to go to bed. The doctor advised an operation but I would not listen to it. I thought of what I had read about Lydia E. Pinkham's Vegetable Compound and tried it. The first bottle brought great relief and six bottles have entirely cured me. All women who have female trouble of any kind should try Lydia E. Pinkham's Vegetable Compound."

How Mrs. Boyd Avoided an Operation.
Canton, Ohio.—"I suffered from a female trouble which caused me much suffering, and two doctors decided that I would have to go through an operation before I could get well."
"My mother, who had been helped by Lydia E. Pinkham's Vegetable Compound, advised me to try it before submitting to an operation. It relieved me from my troubles so I can do my house work without any difficulty. I advise any woman who is afflicted with female troubles to give Lydia E. Pinkham's Vegetable Compound a trial and it will do as much for them."—Mrs. MARIE BOYD, 1421 6th St., N. E., Canton, Ohio.

Every Sick Woman Should Try
