Preparing for Business

PERTINENT PATAGONIA PARAGRAPHS

ALL READY FOR 1921 We are greeting another New Year not knowing what it may bring us, but whatever it brings of good or ill fortune let us resolve to meet it like sensible men and women.

WE ENVY HIM A. D. Sydeman, bookkeeper for the Washington Trading Co., returned Wednesday afternoon from a ten days' trip to San Francisco, California, where he spent the holidays with his family.

FINE ON BUTTERED BREAD Be sure to plant a patch of sugar cane next spring and thus supply your own table, and the tables of some of your less thoughtful neighbors, with a quality of syrup which will make you the envy of millionaires.

WILL PLANT CORN C. L. Northcraft, the well known stockman farmer, will plant a large acreage to Indian corn next spring.

GET BUSY We understand that all of the stores of Patagonia will be closed tomorrow (New Year's Day) and every one should take cognizance of this and lay in a supply of such things as will be needed in the home Saturday and Sunday.

WE MISS IT The Patagonian has not received any news items from its correspondents at Sonoita, Elgin and San Rafael valley this week, and we conclude they are taking a Christmas vacation.

AWAY WITH THE BUG The motor car which makes a daily trip between Nogales and Benson has been out of commission this week and a regular locomotive engine with baggage car and one day coach have been put on the run.

OUT AGAIN We understand that J. Lander Young who has been confined to his bed for the past few weeks is slowly improving and his many friends are anxious to see him out on the streets once more.

GOOD ALARM CLOCK The shortest day of the year has been just, and the days are now gradually growing longer.

OH, SKINNEY, LOOK! The Patagonian public school will open Monday morning, January 3, after a two weeks' vacation.

CHRISTMAS IN PATAGONIA Christmas day was very quiet and uneventful in Patagonia. The stores opened their doors early in the morning and remained open for about two hours in order to give the people a "last chance" to purchase Christmas goods.

One or two of the stores sent their delivery trucks over town loaded with Christmas boxes for their patrons. Included in these gifts were many fancy boxes of the very highest grade of chocolates, and they were highly appreciated by all recipients.

Saturday night the Americans enjoyed a dance in the same building, the proceeds to be used in the interest of the Chaotiqua Association.

There were no other entertainments of a public nature, but many Christmas trees were handsomely decorated in private homes, and it is safe to say that the children were all made happy.

PLANT TREES Who is it among us who wouldn't like to emulate some of the noble examples of George Washington, the Father of his country?

STEEL IS UNLOADED A car load of steel cylinders was unloaded in Patagonia this week and will be used in connection with the road work which will be begun here within the next few days.

PRETTY GIRLS ON 'EM The new calendars being handled out by the business men of Patagonia are as nice very pretty and convenient as they all over this section of country are being adorned with these harbingers of the New Year of 1922.

Mr. McIntyre, formerly postmaster and merchant at Parker Canon, but at present principal of the Parker Canon public school, spent a few days in Patagonia this week, the guest of his son Paul McIntyre.

MERCHANTS The co-operative grocery store in St. Louis, recently opened by members of the Brotherhood of Locomotive Engineers, has been closed and its affairs are being adjusted.

Those who become possessed of the idea that the merchant's lot is a happy one usually change their minds when they give up the comparatively easy-going business of running a locomotive or addressing juries or writing editorials or preaching sermons or peddling shoes or driving trucks or ponning teas or training elephants.

TURKEYS HAVE BROUGHT A FINE PRICE around here this winter, but that was because the turkey acreage was not spread out all over the country.

Mr. C. P. Young of San Rafael Valley, accompanied by George Curtis and his mother, Mrs. Charles Curtis, were here for a short time yesterday morning. They went on to Nogales and returned in the afternoon.

C. A. Evans who for the past year or more has held a position with the Patagonian Commercial company, left Monday for Los Angeles, California, where it is stated he will engage in the real estate business.

V. L. McCutcheon returned from Douglas last Friday where he had been on business for a couple of weeks. He returned back to Douglas Monday but is expected home in a day or two.

W. A. Sloan, an aged gentleman who has been making his home at the Harshaw mine for a long time, died last Sunday and was buried Monday.

W. A. Sloan was a native of Tennessee and settled in Santa Cruz county more than forty years ago.

GABRIEL D'ANNUNZIO EARLY TODAY surrendered all his powers to the Fiume communal council.

ROME, Dec. 29—That complete recognition of the Treaty of Rapallo has been given by D'Annunzio's representation at the Abbazia conference, was indicated in a report from General Cavaglia, in command of the Italian forces at Fiume.
