

RICH STRIKE IS MADE AT BLAND: NEW VEIN FOUND

A few days ago a rich strike was made in the Bland mine which tends to bear out the prediction of old-time miners here that the Bland will develop into one of the best mines in this section.

When R. E. Mason concluded to put up a mill to treat the ore from the Royal Blue mine, it was estimated that the mill, with a capacity for 100 tons would get fifty tons from that mine twenty tons from the Bland and the remainder from surrounding properties but it now looks like the Bland will be able to greatly exceed that amount and assure the projector of the mill of an abundance of ore right at the start.

In case he finds that the supply of ore exceeds the capacity of the mill Mr. Mason will promptly increase its capacity for he is a man of the progressive sort and a determined worker.

San RAFAEL Siftings

George Ringwald and family were business visitors in Nogales the first of the week, all having just recovered from a light attack of flu.

Perry and Arthur Wilson returned Saturday from Los Angeles where they were called by their mother's illness. They report their mother improving.

Elbert and Otto Kinsley are keeping their tractor running day and night and getting much ground in shape for planting.

Charles Curtis is plowing the Nevius ranch this week with his father's Fordson.

Rev. J. A. Prior held services Sunday evening in the valley school house.

George Parker and family visited Parker Canyon relatives Sunday.

C. F. Young and wife were Patagonia and Nogales visitors Monday and were accompanied by Mr. A. L. Kinsley.

Paul McIntyre, wife and son, Paul Jr., have returned from an extended visit to Asheville, N. C. Mrs. McIntyre's brother, Roy Peterson, wife and two children are living there and doing well.

A. T. Gattrell passed away at Sunnyside, Ariz., (near Parker Canyon) February 18, aged 77 years. He was a native of Ohio but a long time resident of Arizona. He leaves a widow to mourn his loss. Interment was at Sunnyside burying ground.

Saturday evening at the home of Mr. and Mrs. W. D. Parker, a surprise birthday party was given in honor of Miss Vera Parker. It was the young lady's 14th anniversary and her many friends spent a delightful evening. Light refreshments were served.

The Bacon Flat people have appealed the back tax suits to the United States Supreme court.

Mr. and Mrs. C. L. Northcraft returned Wednesday from California where they had been called by the serious illness of the latter's sister.

Lou Quinn is laid up with la grippe but Dr. Redden says he will "pull through" all right.

R. R. Mason who has had a force of men working on the road between Alto and the Royal Blue mine, has completed the work and the road is in fine shape.

See Lewis and a party of cow punchers from Parker Canyon, assisted in making things lively at the cattlemen's convention in Tucson.

Hunt is Nominated Minister to Siam By President Wilson

WASHINGTON, Feb. 26—George W. P. Hunt, former Governor of Arizona, has been nominated by President Wilson to be minister to Siam, it was announced at the White House late this afternoon.

FALSE REPORT IS CORRECTED

Word reached town Monday evening through some unreliable source, that such a volume of water had been encountered in the Hardshell mine the workmen had great difficulty in getting out the tools. The report had not the least foundation in fact.

The fact is that no unusual amount of water exists and that the big pump in operation is lifting all the water and is capable of taking out much more than has ever been encountered.

There are about thirty men at work at the mine and three shifts are working constantly, taking out a large amount of rich ore.

EMPIRE Extracts

John Buck of near Empire, has been delivering corn at Tucson.

George Evans of Empire Gulch has sold his farm to a Mr. English of Tucson.

Ed Black and family of near Elgin who have been confined to the hospital by illness, have recovered.

Workmen on the cut off road from the State highway to Patagonia, are now as far as the Empire school house.

A. S. Austin of Empire Gulch has rented his farm to a Mr. Virt of Tucson and he and Mrs. Austin will move to Chandler, Ariz., where he will be employed in a store. They go to Chandler temporarily to be near their daughter who is a student in the Normal school at Tempe.

VAUGHN Views

Mrs. H. Z. Belev is still confined to her bed with a severe cold.

Will Roath has purchased the personal property of Bob McGregor—thirty-seven head of cattle, some horses and all farm implements.

Mrs. Frank Jolley was a Patagonia visitor the first of the week from their Vaughn ranch.

Bob McGregor has rented his home stead to H. Z. Belev, both pasture and farm land. Mr. McGregor expects to move to town where his children can get the benefit of high school.

Mrs. Henry Barton motored to Patagonia the first of the week, marketing 40 dozen eggs. Not so bad for a dry farmer's wife.

The infant daughter of Mr. and Mrs. Ed Ellis is improving from her recent illness.

Jake Bingham, the Tuba thresherman is expected in the Vaughn neighborhood the first of the week to finish up the threshing.

Vaughn farmers have started marketing their maize and fetareta and prices seem to differ quite a bit for sales are reported at from 2 1-2 to 3 1-2 cents per pound—2 1-2 delivered in Tucson and 3 1-2 delivered in Elgin.

James Fraizer has been offered 12 1-2 cents a pound for his Sudan grass seed and take the lot.

Vaughn ranches have been changing hands lately. Three ranches have new owners and more prospects.

It is understood that the Bob McGregor place appears on the oil map under the name of W. T. Roath.

It is reported that Mr. and Mrs. John McCarty have leased a part of their holdings for oil and also that Mr. and Mrs. Frank Jolley have leased a part of their holdings, so people passing through Vaughn need not be surprised to see an oil derrick and drilling for oil in real earnest soon as operations are expected to start soon.

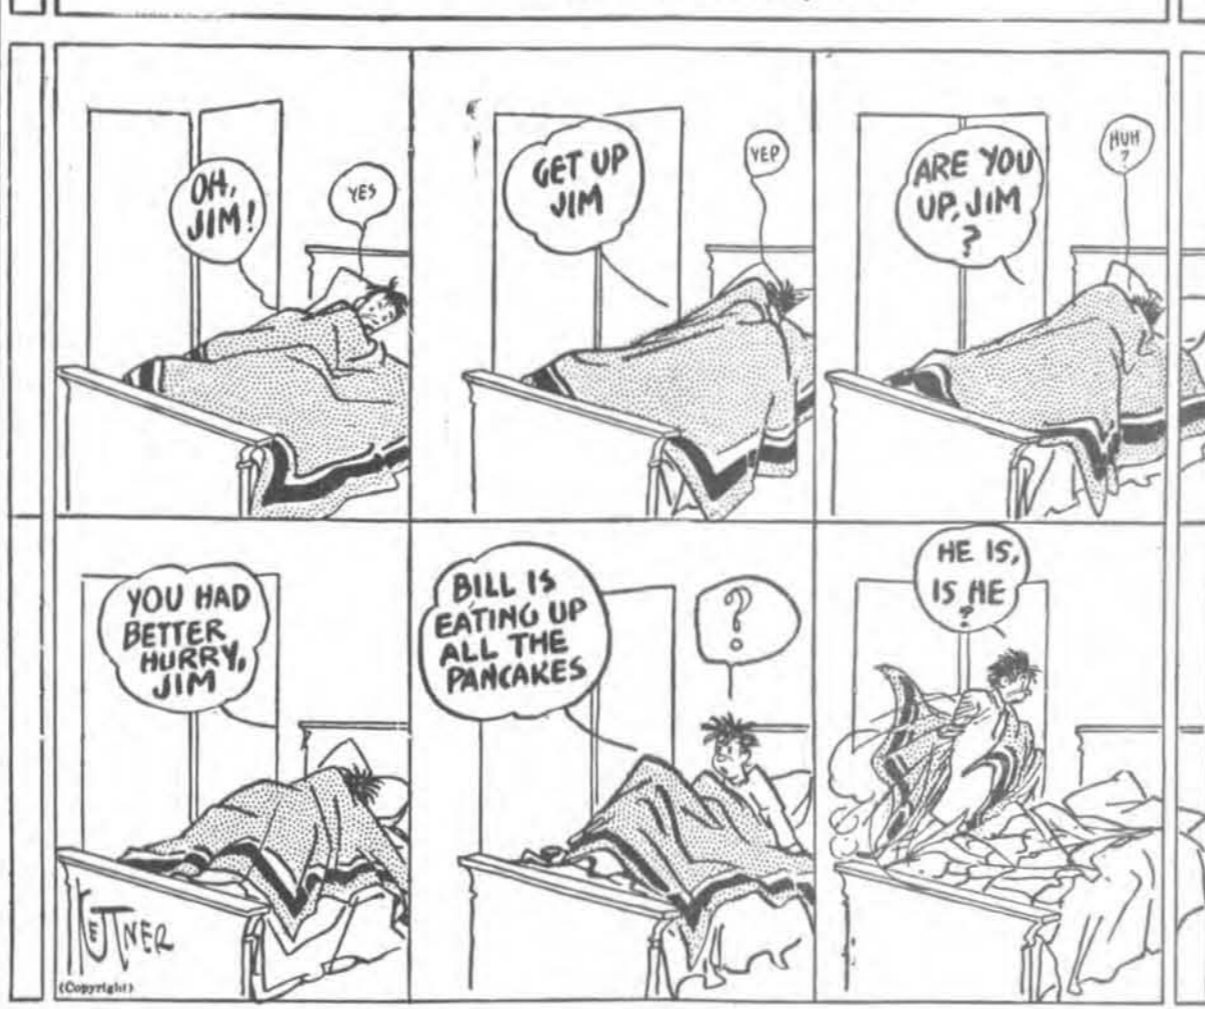

Braley Curtis, president of the First National Bank of Nogales, and Theron Richardson, cashier of the same bank, and prosperous institution, were Patagonia visitors Monday.

Monday about noon time a rancher sailed into town "on high" with both front lights on his big car burning brightly and immediately several old sports lit out on his back track in a feverish endeavor to discover where he had "ached it."

The small boy with his treasured bag of marbles and frazzled knees admits the weather is a little chilly but insists that spring is here.

A pool tournament is talked of at Vern LeCutehan's pool hall. There are a number of expert players in town.

Last Call for Breakfast

PERTINENT PATAGONIA PARAGRAPHS

NOTED MINING MAN ANSWERS LAST CALL

George F. Wieland died Sunday afternoon at his home here at 5:30, after an illness of one month. During the stormy weather about the middle of January while at his mines southeast of town, he contracted a severe cold from getting wet and cold while attempting to work about the mines in the very inclement weather, which suddenly developed into pneumonia. He was brought to his home and was given the best of care and medical attention but the disease had taken such hold before he left the mine that all was of no avail, though he made a heroic struggle to ward off the impending fate.

Mr. Wieland was a native of Pennsylvania and came west as a soldier in a cavalry regiment of the regular army. He saw much hard service in the Indian campaigns and was a non-commissioned officer at the time he was discharged. He settled in Nogales more than thirty years ago and was for a time an inspector in the customs service, later turning his attention to mining which he followed the remainder of his life. He was for a time at Minas Prietas, Sonora, in the mines and about 15 years ago came to Patagonia. He developed some very good properties between here and Harshaw and had associated with him in different mines John W. Wilson and Theodore Gebler of Nogales. He was a man of vigorous constitution and a restless worker, and had got his properties in such shape that a number of them were about to be taken over under bond and lease when the fatal affliction attacked him.

He leaves a devoted wife, Teresa Wieland, two children by a former wife Mrs. H. A. Corpe of Nogales and George somewhere in California, and a wide circle of friends. Short services were held at the home and at the grave conducted by Mr. H. B. Riggs, the Methodist minister being out of town. All places of business were closed Monday afternoon during the funeral and the attendance was very large, all classes of people paying their last respects to one whom all respected and loved. The procession of automobiles was more than half a mile in length.

NEW COUNTY HEALTH OFFICER

Dr. W. P. Chenoweth, county health officer, was in town Tuesday on his way to Harshaw a visit a county patient. He was accompanied by Dr. E. E. Kessler, until recently deputy health officer in Los Angeles and who has come to Patagonia to locate. He has been appointed deputy county health officer by Dr. Chenoweth and will look after the northern and eastern portions of the county as well as this immediate vicinity.

TO SHIP ORE

Dr. Ray Ferguson and Joe Collie who have a lease on the Eureka mine in the Alto district which they have been developing and working steadily, have a shipment of ore on the dump and will haul it to the station as soon as they can get transportation from the mine.

It is a silver lead proposition and some of it is very rich in both metals.

The demand for workers in the big mines has stripped the town of "gentlemen of elegant leisure."

Mr. and Mrs. G. F. Young were in from San Rafael yesterday.

Clyde McPherson was in town from his ranch yesterday buying supplies.

Guy Bryant of Sonoita, who has been seriously ill with pneumonia for some time, is reported as convalescing. Mrs. Bryant has also been ill and it was necessary for them to send away for a trained nurse.

Mrs. John Glasson of Bloxton was in town shopping yesterday.

Word comes from "Tobe" that Jeff Roundtree is ill with "flu."

Born, February 25th, to Mr. and Mrs. Joe Lamma, a son. Mother and future statesman doing fine.

Rev. J. A. Prior has been spending the week in Douglas.

Gowan Pearce was a business visitor at the county seat Tuesday.

The Green Cattle company of San Rafael Tuesday shipped a carload, 28 head, of registered Holstein, three-year-old cows from Sonoita. They went to a stockraiser at Wilcox and were sold for \$200 a head.

J. S. Gatlin was down to Nogales Tuesday on business.

People of Patagonia and the northern and eastern part of the county when in Nogales, should trade with those firms and institutions who advertise in the Patagonian. They are the people at the county seat who are friendly to and generous toward the upper portion of the county.

The Patagonia Commercial club seems to be in need of a stimulant.

Mrs. Gatlin and small sons were Nogales visitors the first of the week.

Harry Fryer was in from San Rafael Tuesday visiting his mother and brother, Kent, of the Commercial hotel.

Want ads in the Patagonian one cent a word, 25 cents minimum charge, cash in advance—too cheap to open accounts for.

William Fessler went to Tucson Tuesday to meet his brother, a merchant of Sheboygan, Wis., who is touring the southern and western states and was passing through on route from Florida to California.

The merchants of Patagonia are doing an enormous business with surrounding mining camps, especially in the line of groceries and provisions.

J. P. Fraizer, state highway engineer for the southern district, was in town Tuesday evening, the guest of J. V. Borge.

V. R. N. Greaves, an attorney and conveyancer of many years practice, is here from Douglas looking over the town and district with a view of locating permanently.

The family of Joe Lamma have all been suffering with a mild attack of flu this week.

About two columns of local matter prepared for last week's Patagonian became mislaid and failed to appear—much to the discomfort of the editor and probable delight of our readers.

PLAN TO CULTIVATE HOME GROWN WALNUTS

Col. R. R. Richardson has been combing the Sonoita creek bottoms for symmetrical, young native walnut trees. It is his intention to set out about fifty of these and graft upon them the English walnut. He has been told that the plan has been tried in other places, less favorable than this locality, with remarkable success and he will give it a thorough and careful trial. He will set out the trees on ground adjacent to town, the soil of which he believes is well adapted to the growth of the native tree.

Should the plan of grafting the English walnut of commerce upon these native trees give promise of success, as he has been assured it will, it is his intention to enlarge the scope of his activities along this line.

One advantage the native walnut possesses is its rapid growth under all sorts of conditions and it will especially thrive when well watered the first year of transplanting.

Col. Richardson has also begun another tree-growing scheme, that of transplanting native young cedar and juniper trees and is confident of making a success of the commendable undertaking. Last week he was out in the canyon with a force of workers and secured 22 young junipers and 10 cedars which he planted on his place adjoining town. He will endeavor, however, to greatly increase the number right away.

J. F. Johnston was in Douglas the first of the week on business.

George Lopez and two daughters Lucia and Lidya, of Alto, were in town shopping Wednesday.

Ed Rose, the automobile man, was here from Nogales Wednesday on business.

J. E. Hopkins, a former citizen of Patagonia, now a prosperous merchant at Garden Canyon, Ariz., was in town Wednesday calling on old friends.

Deputy Sheriff Patterson spent a couple of days in Tucson this week.

The big new engine at the Flux mine was given a try out Wednesday and worked fine.

Sunday will be the last day of February. It has been a cold, cloudy, rainy disagreeable, holiday-beridden month and no one will regret it's passing.

The Patagonian is informed that on Wednesday P. J. Wilson of the Rancho del Alamo in the San Rafael valley sold all his cattle to Sherman Rinehart.

Theodosio Selaya died at Luchie Wednesday of pneumonia following influenza. He leaves a wife and two children, all down with influenza and pneumonia. There are a number of other cases there.

County teachers' examinations will be held in the office of the county superintendent of schools next Monday and Tuesday.

Mr. and Mrs. Pete Etchells of the Mansfield mine, were in town yesterday returning from a visit with relatives in Tucson.

GOLD STRIKE IS MADE NEAR HERE

Dave Putnam who recently struck gold in a new prospect a mile and a half northwest of town, has had assays made of the ore and obtained very flattering results. The samples were taken near the surface and the returns were as follows, the assays being made by Pierce & Cox:

No. 1 on the footwall \$18.40 gold.

No. 2, four feet across the ledge \$8.80 gold and \$2.20 silver.

No. 3, ten inches on the hanging wall \$16.20 gold and \$3.60 silver.

No. 4, taken from a point one hundred feet higher up the hill, \$26.40 gold and \$5.40 in silver.

He expects to begin development work at once and is confident of still greater returns as distance from the surface is gained.

He has panned out samples of the ore without pulverizing the rock except by hammer and secured what would amount to about \$2 gold to the pound, these of course, being selected samples.

Chris Wilson, with his force of truck men, has completed the contract for hauling some heavy machinery from the station to the Flux mine. In the lot were an engine and compressor of the latest improved type.

With Ben Powell, Harry Riggs and Neil McDonald raising pecans and Col. Richardson half bred (English-American) walnuts, there is no valid reason why we shouldn't all be "nutty" in the proper way.

One mining company is contracting for machinery with which to drive a tunnel more than half a mile in length. Some job, that.

Mrs. Frank Jolley of Vaughn, while in town this week, made the Patagonian a pleasant call. Mrs. Jolley is quite optimistic over crop prospects in that part of the county.

Joe Collie and a Mr. Brown have contracted to do a large amount of development work at the Bland mine.

The postoffice at Nogales is to be moved to Nelson avenue, a narrow thoroughfare east of Morley avenue, better known locally as "rag alley," and the roar thence going up from the people down there is shattering "dornsicks" from Thumb Butte over in the Pajarito mountains.

Frank Smith and "Heinie" Barton two bright farm boys from Vaughn paid the Patagonian a visit Saturday.

Bob Bergier and Ben Powell attended the cattlemen's convention in Tucson going up in the former's car.

Mrs. E. E. Bethell was a week end visitor to Nogales friends.

Carlos Valenzuela is at the Hardshell mine in charge of the company store during the absence of Robt. Wood, the manager.

Mike Long and Richard Farrell, Jr. have begun work on a big contract for development work at the Volcano mine.

Bob Hardin of the Old Glory mining camp Sundayed in town.

Supervisor Oscar Ashburn attended the cattlemen's convention last week and says it was the largest and best they have ever held.

Mr. and Mrs. C. P. Young motored to Nogales Monday on a shopping trip.

The first of the week most of Nick Johnson's section men were out of commission on account of colds amounting almost to flu.

A Kansas City drummer who "makes" Patagonia regularly relates that he got "soused" one day four years ago, went home in that condition while his mother-in-law was at the house, distinctly saw her and has been a confirmed teetotaler since.

The happy mocking birds singing in the trees about town every morning is nature's hint to toss your grouch into the discard.

John Wilson came up from Nogales Monday to attend the funeral of George Wieland who was his partner in a number of rich mining claims.

Neil McDonald was a county seat visitor the first of the week.

Henry Ismond of Sonoita, has bought a Vin truck for his farm work.

Frank Powers was in town from the World's Fair mine Tuesday and went to Nogales on business.

PATAGONIA MEN BOND AND LEASE FOUR PROPERTIES

Judge A. S. Henderson and Fred Sayers have taken a bond and lease on four promising properties in the Alto district, twelve miles from Patagonia that have had considerable development work done on them. They belong to Judge Josiah Bond of Alto and give promise of excellent production.

The group is a silver and lead proposition and the lessees have already begun work on some of the mines which will be prosecuted by an ample force as soon as all arrangements for vigorous work are completed.

Mr. and Mrs. C. A. Burke and small daughter have arrived from Paul, Idaho, and will make Patagonia their permanent home. Mr. Burke comes here to take the position of assistant cashier of the First State Bank, a position he is well qualified by experience to fill.

Arthur Valenzuela is in town from the Eureka mine visiting home folks.

Charles Mead is hauling large quantities of lumber to the Bland mine.

Howard Keener and Duke Parker of the San Rafael Valley were in town Tuesday on their way to the county seat.

The Nogales-Bisbee stage, via Patagonia, is again running.

Many people traveling by auto between Tucson and Nogales, take the slightly longer road by way of Patagonia and Sonoita because of the beauty and delightfully picturesque of the route. It also gives them the advantage of gasoline, supplies and repairs in case of mishaps.

Robt. Wood, manager of the store at the Hardshell mine, left Tuesday for a visit with his family at San Diego. He expects to spend a fortnight on the coast.

Carlos Valenzuela of the clerical force at the Patagonia Commercial company's store, is in charge of the store at the Hardshell mine during the absence of Robt. Wood.

August Brodine was in town Tuesday from his mining camp.

The Bland Mining company is making a good road from the Bland mine to the Royal Blue in preparation for delivering ore to the mill being built by R. R. Mason at the latter named mine.

R. R. Mason was in town the first of the week from the Royal Blue mine.

With milk selling at 20 cents and 2 cents a quart it is inconceivable how a thoroughbred cow can look a poor man in the face and chew her cud complacently.

Saturday night John Hoy "mixed it" with the darkness and devilishness on "Rocky hill" on the Harshaw road and had a reason of hellishness without any of the glare and glitter. Sunday morning after the combat he found that the hill had not been perceptibly injured but that the same could not be said of his big car.

T. A. Allen, S. P. roadmaster on the Nogales-Benson branch, was in town on an inspection trip this week.

An unusual number of commercial travelers have been in town this week and all met with a cordial greeting and the glad hand from the "Stuff Club," but when a grave stone salesman from Los Angeles blew into town he met the marble stare.

Mrs. S. T. Harrison, her daughter Thyrta, and son, B. B. Harrison, were in town this week on a shopping trip and paid the Patagonian a pleasant visit.

An over abundance of water in the Exposed Reef mine is giving some trouble.

When a sawpuncher from the Santa Cruz river bottoms sat down on a loaded sponge in Fessler's barber shop the other day, he drily remarked that while the incident might be of "al" sorbing" interest there wasn't anything funny about it.

The threshers began work yesterday at Bud Baldwin's San Rafael ranch. He has a huge crop of milo maize and cane this year.

Mr. and Mrs. T. G. Dunham have rented their San Rafael valley farm to Henry Roundtree and will move to Douglas where Mr. Dunham has a road contract.

Walter Hunter of Sonoita, attended the cattlemen's convention at Tucson.

Mrs. A. L. Bennett has just received a stock of stationery.—Adv.

EDITORIAL

Three weeks of rain in a bone dry community seems a good deal like "rubbing it in."

Anyhow you can combat the high cost of "spuds" by cooking them with the skins on. And the doctors say they are more healthful and nourishing when cooked that way.

McAdoo quit the cabinet because he couldn't make a living at it. He shouldn't seek the presidency of the United States. What he needs is a job as a railroad brakeman.

The greatest overhead expense of taking ore from the ground and treating it is for power and that expense can be materially lessened by a cooperative power plant on a suitable site near the railroad tracks in Patagonia.

The recent soaking rains and snow in the mountains have given the farmers almost sufficient moisture to last them during the growing season.

It is no uncommon sight to see robust, vigorous men in Patagonia, in the mines and on the farms and ranches who came here a few years ago with "one foot in the grave" and the other on the soft pedal, pathetic victims of the great white plague.

The Socialists seem to be handicapped in their national campaign. Their candidates for president and vice president are both in the penitentiary.

Lloyd George says "Europe can never pay her debt of gratitude to the United States." The people of the United States are not worrying over that debt of gratitude. It is the other debt they are focussing their economic eye on.

It is said that Governor Edwards of New Jersey threatens to take the wet and dry issue into the Democratic National convention. That would be all right if he should keep it in the cloak room but should he take it to the floor of the convention there might be a political explosion.

The farmers are a unit in favor of holding terms of the superior court in Patagonia and so are the mining interests.

The residence sections of Patagonia are large out of all proportion to the business district. The reason of this is the great healthfulness of the climate and the picturesque location of the town.

With a steady production of gold, silver, copper and lead ores carrying an abundance of fluxing properties, it is not surprising that the Patagonia mining district is prosperous and attractive to capital.

The farmers of Santa Cruz county will have bumper crops this year and should have a good home market for all they produce.

It used to be a "cold" which rock and rye would easily cure. Now its "the flu" and fashionable.

The diversified advantages of Santa Cruz county—mining, farming, fruit growing, stockraising and industrial enterprises, will make it one of the richest in the entire state. And there is no desert land in the county.

It is unusual for a given locality to derive prosperity from the three sources of mining, farming and fruit growing but that is the situation in the Patagonia district.

A bank account is a nice thing to have but if you are so much wrapped up in its increase that you

can not go amongst your neighbors and acquaintances with a cheery smile and a happy greeting, ready at all times to aid in civic affairs, you won't enjoy it.

AN IRISH GREETING

The other day while Mayor Billy Powers was in Val Valenzuela's meat market awaiting his turn, one of two soldiers at the counter turned to him and said, "Hello, Pat."

"Hello, nPt, is it? How the devil did ye know I'm Irish when I've said nothin' at all?"

"Ah, lad, the map of Ireland is upon yer face."

"Sure it's no small bit of that same map ye have upon yer own mug; do ye mind that?"

"And it's the right I have, too—me name is Sheehan."

"Thin that settles it entirely."

"It do."

THE LURE OF THE HILLS

So many prospectors are coming in with attractive samples of rich rock from newly located prospects, that the lure of the hills is causing a gloomy haze to settle over the environment of the editorial desk. The fear of an unequal controversy with black bears and bob cats in about all that prevents the editor of the Patagonian from grabbing up a magnifying glass, a regulation pair of yellow, highwater boots with hobnails as big as trouser buttons and hiking for the hills in search of the previous metal.

MEXICAN IMPORTS

FROM U. S. INCREASE

JUAREZ, Mexico, Feb. 24—Imports from the United States into Mexico for the first ten months of 1919 aggregated in value \$96,431,981, an increase of 34 per cent over the corresponding period of the previous year, according to a custom house report. The principal articles imported were shoes, textiles, silks, furs, notions and articles of luxury.

Unflattering View of America Aired by Returned Leader

AMSTERDAM, Feb. 24—An unflattering view of America is given in an interview in the Amsterdam Telegraph by William Oudegeest, widely known in labor circles, and leader of the Dutch labor party, who recently returned from attending the international labor congress at Washington.

Among other things, according to the Telegraph, Mr. Oudegeest found that in the United States: Politics are at this moment on a level with those of 1840 in Holland. Economically, America has got to the stage of 1880. In the light of culture the American still lives in the 18th century.

"One gets the impression," the Telegraph quotes Mr. Oudegeest as saying "when he is in America, that he is in the closing days of nobility, when the peasants thought their noble lords the only things of importance in this world but with the difference that the bankers and great business men take the place of the junkers and barons.

"General education is very low. People do not read."

WINSOR WILL RUN; ROBERTS TO QUIT

Political Rumor Has It That Wiley E. Jones Aspires to United States Senate

From Phoenix political circles comes the intelligence that the Hon. Mulford Winsor of Yuma will hurl his hat into the ring in an effort to land the Democratic nomination for Governor of Arizona. It also is announced emphatically that former Governor Hunt will not be a candidate for United States senator.

Furthermore it is stated that tomorrow or the next day Charles M. Roberts of Cochise county will announce his withdrawal from the gubernatorial field. Another report is to the effect that Attorney General Wiley E. Jones has declared his intention of becoming a candidate for the United States Senate.

Catarhal Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarhal deafness, and that is by a constitutional remedy. Catarhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system. We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulate free. All Druggists. T.C. F. J. CHENEY & CO., Toledo, O.

Christian Church History. With much diversity of opinion on minor points, there is a general agreement in dividing the history of the church into three great periods.

Important to all Women Readers of this Paper

Thousands upon thousands of women have kidney or bladder trouble and never suspect it. Women's complaints often prove to be nothing else but kidney trouble.

But hundreds of women claim that Dr. Kilmer's Swamp-Root, by restoring health to the kidneys, proved to be just the remedy needed to overcome such conditions.

The pay days of those who work for love are uncertain.

TRAINING FOR DISABLED MEN

Government Will Help in Educating All Entitled to Assistance.

NEW RULES ARE MADE PLAIN

Great Opportunities for Rehabilitation Now Placed by Government Within Reach of All Wounded and Disabled.

Washington.—In order to reach the thousands of disabled ex-service men who are still in need of vocational education and training, Lieut. Col. M. C. Smith of the office of the assistant to the secretary of war, has begun the nationwide distribution of a pamphlet which sets forth clearly the great opportunities for rehabilitation now placed by the government within reach of the wounded and disabled.

of war risk only when the amount of compensation from the bureau is in excess of what he would be entitled to from the federal board for vocational education. In such cases the man is paid the difference, so as to make the amount received equivalent to the amount which the bureau of war risk insurance would pay if he were not in training.

In the pamphlet are given the addresses of all district vocational officers and public health service physicians, as well as a table of money allowances to meet all cases of dependency.

HE STUCK TO HIS CAR

Soldier Abandoned by British Officer When Auto Failed to Buck Drift.

Paris.—Richard Kelly of El Paso, Tex., one of the American doughboys recently recalled from duty in the Baltic country, now is in a hospital in Paris nursing frost bites and restoring lost tissue as the result of a lone vigil with his car in a Baltic snow-drift.

IS WHISKY BEST REMEDY?

Question for Kentucky Doctors Prescribing It, Says State Health Officer.

Louisville, Ky.—Physicians in Kentucky who prescribe whisky for ailing patients will have to prove to the state health board that no other medicine is better, or their licenses are liable to be revoked.

Kaiser's Castles Turned Over to People's Uses

Berlin.—All the famous hunting castles of the ex-kaiser are being converted into places of social usefulness. The Linge chalet, near Hannover, in which the imperial family used to live when Wilhelm visited that city on hunting trips, is to house part of the Kaiser museum's exhibits.

THE CAPEHARTS GO TO TUCSON

Wednesday Mr. and Mrs. W. P. Capehart moved to Tucson where Mr. Capehart has assumed his duties as active vice president of the Security Bank and Trust company. The people of Patagonia regret to lose these excellent neighbors and will cordially wish them the best in life in their new home. Mr. Capehart will, however, remain president of the First State Bank of Patagonia and will therefore be a frequent visitor here in the line of official duty and also to meet and greet the many friends he has made during the time he resided here.

COMING

Dr. Schell, the well known optometrist and optician of Tucson, will be at the Commercial Hotel on his regular visit next week Tuesday, March 2nd and will remain the one day only. If your eyes need attention, call on him for expert service. Special attention to children's eyes. 1tc27

"COME UP HIGHER"

Was the summons given A. T. Gattrell on the 18th inst. at his home, Sunny-side, Arizona. His age was 77 years and four days. He passed away with a hemorrhage of the stomach after nearly five months of suffering. He leaves a wife who was constantly with him during his sickness and her love, sympathy and ministrations were very much appreciated by the deceased and a great comfort to him in his last sickness.

He was associated with Samuel Donnelly in the Mule mountains, near Bisbee, and in 1890 they came to the Hanchuca mountains and made a camp at Copper Glance mine. In 1900 Mr. Donnelly died.

Mr. Gattrell has been for the past 35 years a ver yearnest christian worker, and since his marriage in 1901 very efficiently sustained by his wife.

Some time before his death he deeded all his property, both real and personal, to his wife, expressing his desire that she would go on with the christian work in which they were both engaged.

Thus he passed like "one who wraps the drapery of his couch about him" and lies down to pleasant dreams."

Navajo saddle blankets, sold by the pound, cut any desired length. Washington Trading Co.—Adv.

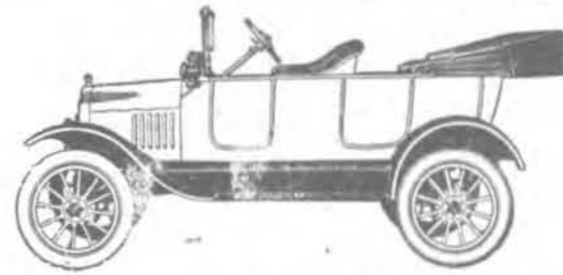

A HOUSE WARMING

Mr. and Mrs. Henry Ismond who recently purchased the Charles Brossart farm one mile east of Sonoita gave a "house warming" party Saturday night of last week which proved an enjoyable epoch in the rural life of that community. It was also intended as a farewell party for Mr. and Mrs. Brossart who are going to California. Young people and many old people from the entire countryside were present as well as a large number from Patagonia. There was vocal and instrumental music, dancing, games and a great abundance of good things to eat and the occasion was one of supreme enjoyment. A piano and a phonograph provided music for dancing and when the gayety and festivities ended all pronounced the host and hostess regal entertainers.

The new farm home of Mr. and Mrs. Ismond is a beautiful and commodious residence, delightfully situated and one of the most attractive places in the central part of the county.

A tired man is usually a hungry one as well. Try Mrs. Bennett's short order meal service; it's fine.—Adv.

EASY PAYMENTS

EVERY RESIDENT OF THIS COMMUNITY NOW HAS AN OPPORTUNITY TO SECURE

**FORD AUTOMOBILES
FORD TRUCKS AND
FORDSON TRACTORS**

On easy terms. All that is required is a small initial payment and the balance in 10 or 12 monthly payments.

FORD AUTOMOBILES are now regularly equipped with ELECTRIC SELF STARTER and LIGHTING SYSTEM. This Starter and Lighting System is up to the "Ford Standard" and cannot be excelled by any make of automobile on the market regardless of price.

IN MAKING THIS announcement we do so knowing that those who need a car will take advantage of our amazing offer. We sincerely advise you to place your order at the earliest possible moment and not wait until you will be compelled to "stand in line."

PLEASE BEAR IN MIND that we are also in position to furnish Regular FORD DEMOUNTABLE WHEELS and same size tires on all wheels at a slight additional cost. WE SOLICIT USED FORD CARS WHICH WILL BE TAKEN IN EXCHANGE

—This is a chance to secure a FORD by making a small payment then paying as you ride.

**THE
FIRST STATE BANK**

**HARRISON SELECTED
DELEGATE TO BOURBON
NATIONAL CONVENTION**

James A. Harrison of Santa Cruz county and Mrs. Betty White of Cochise county were chosen as delegates and Mrs. Theodora Marsh of Santa Cruz and Mrs. A. Hirst of Cochise were chosen as alternates to the National Democratic convention at San Francisco in June, according to Louis Koller, who returned today from Phoenix, where he attended the State Democratic pow-wow.

The meeting was an attempt of harmony. From time to time expressions of old bitterness broke out, but were quickly silenced. The national administration was endorsed in general terms but no reference was made to the League of Nations.

Barnum is Committeeman
After a fierce factional struggle, W. L. Barnum was chosen as national committeeman. One of the surprises of the meeting was the selection of Charles Akers, publisher of the Phoenix Gazette, as alternate from Maricopa county. Only a year ago the Gazette was read out of the Democratic party. Now it has been read in again.

Hunt is Absent
The absence of former Governor Geo. W. P. Hunt from the meeting was noticeable. The former governor was approached several days ago by political friends and asked if he would be a delegate from Maricopa county. Hunt replied that he had more or less permanently retired from the political field and for him to accept the position would be to enter the meshes again.

CARD OF THANKS
I take this method of expressing to neighbors and many other friends my profound gratitude for their kindly assistance and sympathy during the illness and death of my beloved husband.

MRS. GEORGE F. WIELAND.
**JUDGE PATTEE ENDORSED BY
BAR MEN FOR SUPREME BENCH**

PHOENIX, Feb. 25—Judge Samuel L. Patee of the superior court of Pima county was unanimously endorsed for the office of justice of the supreme court of the state at the annual meeting of the State Bar Association held here.

BACA FLOAT CASE APPEALED
The defendants in the Baca Float Grant tax cases have appealed from the judgment of the supreme court of Arizona to the Supreme Court of the United States. The tax money involved is approximately \$10,000.

REPUBLICAN CLUB TO FORM
At the meeting of the Republican County Central committee last night it was decided to immediately organize a Republican club in Santa Cruz county for the purpose of better carrying on the work looming up in the coming campaign.

**Nogales Will Ask
U. S. to Pick Site
for Federal Bldg.**

At a meeting of the Federal Building Site Committee, held Saturday afternoon at the First National Bank, it was unanimously voted that Captain L. W. Mix, chairman, request the Treasury Department to send another inspector to decide what site the Government needs for a federal structure in Nogales.

The spirit of the meeting was to the effect that when such a site was approved by the federal representative, everybody in Nogales should get behind a movement to obtain it, and that those who have sites to offer should present their propositions to Captain Mix before the arrival of the government agent. It was urged that every effort be made to secure the long-sought federal building regardless of location.

Those present at the meeting were L. W. Mix, W. G. Bowman, Mayor G. H. Fiedler, Col. A. T. Bird, H. R. Bisk and Bracey Curtis.
A report of progress at Washington in regard to the securing of a federal building for Nogales was read by Chairman Mix.

**INITIAL WORK
TO START ON
U. S. AIR SITE**

Initial work on preparing the site recently secured from several of Nogales' public-spirited citizens for the establishment of an aviation camp to accommodate the border patrol soon to be established was begun when J. D. Roundtree moved his well-drilling pump phernalia to the ground. Drilling will begin in a short time, it is stated.

The construction squadron which will clear the field is expected in Nogales the latter part of this week or the first part of next. Within three or four weeks, it is hoped, the flight will be installed and the patrol between Douglas and Yuma started.

Thirteen machines of the DeHavilland four type will be brought to the field immediately after it is made in readiness, but the location was selected with the view of ultimately quarantining here a much more extensive branch of the air service.

Stop scribbling; use linolium. See our selection, Washington Trading Co.—Adv.

LOST—From near Mowry a black Russian Collie dog, small scar above left eye. Reward for return Mrs. Nellie Hasselstrom, Patagonia, Ariz. 2tp27

Mrs. Henry Wood was in town from Canille Tuesday, shopping and purchasing household supplies.

THINK OF IT

Perhaps you have not thought of it but while practically all the newspapers have advanced their subscription and advertising rates the Patagonian rates remain the same notwithstanding the paper has been enlarged by the addition of eight more columns of reading matter. It is the aim of the management to make the Patagonian a regular weekly visitor in the home of every farmer, stockraiser and miner in Santa Cruz county.

GLASSES—For accurately fitting glasses, see Dr. Schell of Tucson at Commercial Hotel on regular visit next week Tuesday, March 2nd. Special attention to children's eyes. 1tc27

"IF IT'S A FEDERAL IT'S RIGHT."

**Rough Roads for Wheels Are
Smooth Roads for Passengers**

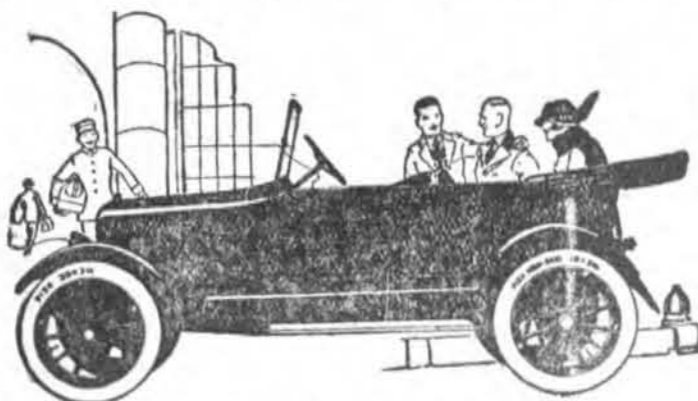

WATCH Overland 4 on rough cobbles or unpaved roads. The wheels follow surface inequalities, but the new Triplex Springs give car and passengers remarkable riding steadiness.

They give 130-inch Spring-base to a car of 100-inch wheelbase.

This makes for the gently

buoyant road action of a large, heavy car with the economy in upkeep, fuel and tires, and convenience of handling of a scientifically designed light car.

Auto-Lite starting and lighting, door-opening curtains and dash light give but a hint of the completeness and quality which characterize everything about Overland 4.

Watkins-Overland Co.
