

BORN MURDERED BY A BLOW

MACSWINEY HAS BEEN FED IN UNCONSCIOUS PERIODS WHILE ON HUNGER STRIKE

LONDON, Oct. 21—Official confirmation reports today that Lord Mayor Terrance MacSwiney of Cork has been fed during periods of unconsciousness on his hunger strike...

San Rafael Siftings

Mr. Ray Sorrells of Nogales was a business visitor in the valley at Parker Canyon first of the week.

Mr. and Mrs. John Chapman and little son of Parker Canyon country visited valley friends one day last week.

Mrs. H. T. Wilson and son Rodney returned to Los Angeles last week after a short visit with Mr. and Mrs. J. D. Rountree.

The dance at valley school house announced for 23rd has been postponed until 29th on account of the fair. Everybody invited to attend this "candidate dance."

George W. Parker and Charles Curtis were Patagonia visitors on Monday.

George Ringwald has begun work with his grain binder and farmers throughout the valley are very busy.

Regular monthly meeting of the S. R. S. C. was held Saturday evening and was well attended by members and visitors.

Three shifts a day have been working steadily unwatering the Sweet shaft of the Consolidated Southern Arizona Mining company.

Tom Gardner and Lander Young have just shipped a car of high-grade lead-silver ore from their lease on the Hardshell mine.

Will Hoy is now shipping a car of lead-silver ore from their lease on the French mine.

A. F. Gross, a large mining operator of Duluth, Minn., is here looking over his properties, the American Boy and the Deep Down mines.

Mr. and Mrs. George N. Curtis visited a few days in Nogales last week.

Mr. and Mrs. Oscar F. Ashburn were valley visitors first of this week.

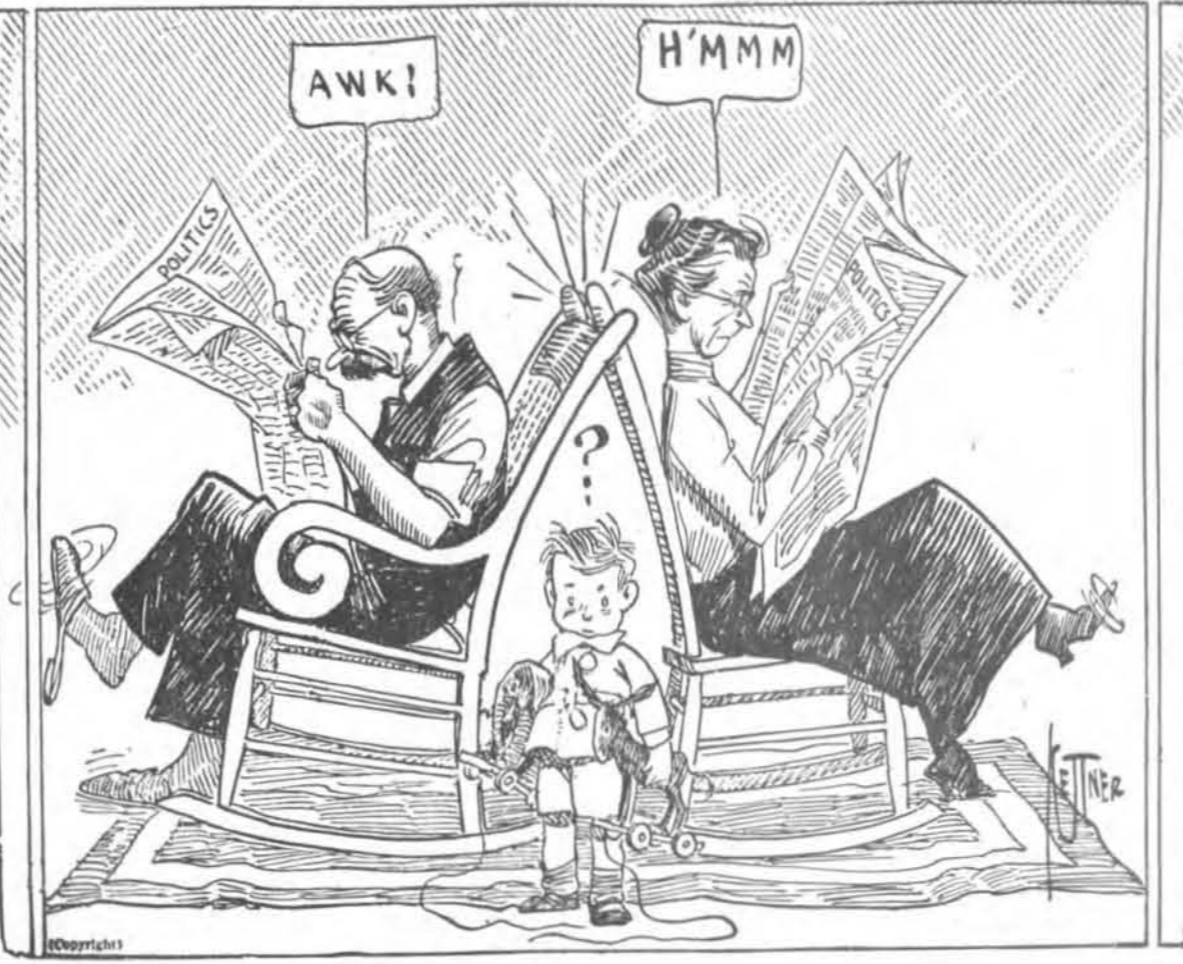

Mrs. Minnie Darling of Douglas was a valley visitor last of the week and was accompanied by Miss Bonnah Marble, a visitor from Beaumont, Tex.

ST. LOUIS, Oct. 19—Five days before the coming election on Thursday, October 22, the complete records of collections and disbursements by the Republican and Democratic parties will be submitted to the public.

4 Billions Expense Next Year Of U.S. Government

WASHINGTON, Oct. 20—U. S. government expenditures of four billions of dollars for the next fiscal year were forecast today by Secretary of the Treasury Houston in an address before the American Bankers' Association convention in which he covered a wide range of the financial and economic problems of the nation.

Politics

PERTINENT PATAGONIA PARAGRAPHS

A. L. Kinsley was here from San Rafael valley Saturday last.

Mayor Harrison and Louis Koller of Nogales were Patagonia visitors last Sunday.

John Costello is building an addition to his residence in the east part of town.

Henry Woods, the well known ranchman living in the Vaughn section, was here on business last Wednesday.

Rudolph Kuehler, candidate for state tax commissioner, and Ernest R. Hall, candidate for secretary of state, spent a couple of hours in Patagonia last Saturday looking after their political interests.

O. F. Ashburn visited the Gray Brothers' mines near the 3R's a few days since and states that the Gray brothers are taking out high-grade ore and if they only had sufficient capital to work this mine there is no telling what they might develop.

Bert Logan, master mechanic at the Mowry mine, was in Patagonia Tuesday and stated that the mountains around about that prosperous mining camp are overrun with skunks and suggested that it would be a good field for a practical trapper.

Howard Aikin is building another large poultry house on his poultry farm just east of town. The building is 18x32 feet and was made necessary on account of the increased number of chicks hatched from incubators this summer.

Hugh Young, the Parker Canon stage driver, had to make a trip to Nogales early Wednesday morning and did not get started on his mail route until about one o'clock in the afternoon. As a consequence he did not get in until about dark.

The government phone line between Patagonia and Tucson via Amado, has been out of commission for the past week, rendering it quite inconvenient for the ranchmen and others who have connection along the line.

C. A. Pierce, John Costello and A. F. Gross spent Wednesday in the mountains surveying mining claims. They left town early in the morning while it was raining pretty hard and were out all day.

Our farmer friends inform us that the frost last week played havoc with their gardens, totally destroying most of them, and doing more or less damage to immature feed crops. It seems that the only way to overcome the early frosts is to plant early crops, thus giving them plenty of time in which to mature before October 10th, which is about the date of the first frost.

Following a several hours' rain which fell here Wednesday, a heavy frost visited this entire section of country Wednesday night. O. F. Ashburn, a prominent stockman, states that grass on the range was not injured in the least by either the rain or frost. On the contrary he said that the rain a few miles south of Elgin were here

ELGIN Extracts

A number of friends of Mr. and Mrs. E. K. Wilson gave them a farewell party Tuesday evening at the home of Mrs. Wilson's parents, Mr. and Mrs. Fling. Mr. and Mrs. Wilson have gone to California on a visit.

A party of Elginites on Sunday last motored out to the home of Mr. and Mrs. Gordon, about six miles from Elgin. Mr. Gordon has one of the largest ranches near Elgin—about six-tenths sections of fine grazing land well stocked with fine cattle. He has about 100 head of fine Holstein cows and raises feed for them on his farm. Mr. Gordon also has a good orchard and plenty of fruit of various kinds.

Eva Barnett spent the weekend at the ranch of Mrs. Nannie Hunt, four miles from Elgin. Mrs. Hunt has a lovely ranch.

Mrs. Sid Simpson was an Elgin visitor Monday.

Will Wyatt passed through Elgin Monday on his way to San Antonio, Texas.

was an advantage as it will keep the grass roots green all winter which will be beneficial to cattle. He further stated that rains seldom come amiss and never do any harm in this country. He feels encouraged over the splendid condition of the range.

Mrs. Maude Francis, Patagonia's postmistress, made a business trip to Nogales Wednesday.

John Doyle and family arrived here from Chicago the first of the week and will make Patagonia their future home. They have leased the Wm. Powers building formerly occupied by Mrs. A. L. Bennett as a confectionery, and will engage in some line of business the nature of which we have not yet been informed. Mr. Doyle states that he and his family are glad enough to get away from the city and out into this delightful climate where everything seems so refreshing and clean. It will be sometime next week before they open up for business.

Mrs. Francis is expecting a visit from her father in the near future. He is a resident of Brownwood, Texas, but at present is in El Paso visiting a son, and after a short stay in that city will come on to Patagonia where he may spend the winter.

Speaking in behalf of the Democratic State and National campaign, Attorney Charles B. Ward of Phoenix and Sidney P. Osborn are billed to speak in Patagonia tomorrow, Saturday, October 23.

R. L. O'Neill, candidate for state senator; M. Middleton, candidate for county recorder, and S. P. Nove and W. E. Kaens, candidates for supervisors, made a short stop in Patagonia yesterday morning.

Mr. and Mrs. H. Z. Belue who live

on business Saturday. Mr. Belue is a carpenter and has been working for the government at Ft. Huachuca since last January, and last Saturday was the first day he has lost from work. Mrs. Belue stays at home and takes care of the ranch while her husband earns money to improve it. They have a very fine ranch and a beautiful home and they are naturally very proud of their possessions.

Mrs. Brodine was in from the ranch Tuesday doing some shopping.

W. B. Rountree who is operating a well machine up in the Elgin country was here on business yesterday and stated that he has been kept quite busy the last few months putting down new wells for the farmers and ranchmen. He also stated that he has a prospect of getting the contract for putting down two deep wells on mining claims in the Patagonia mountains.

R. N. Keaton, one of San Rafael valley's successful stock farmers, was transacting business in Patagonia yesterday. He carried supplies back with him in his big motor truck.

There was a good-sized crowd out at the Republican rally at the Gardner opera house last Friday night. All of the Republican county candidates were present and each made a brief talk soliciting the votes of the people provided they were considered in every way qualified for the positions, etc. Hun. R. L. O'Neill, candidate for state senator, spoke at length upon national issues. Judge A. C. Henderson presided at the meeting and introduced the various candidates. It was more a social gathering and everyone was in good humor. After the speaking a ten-piece orchestra struck up a lively air and many happy dancers were seen on the floor and the merriment continued until midnight, when all of the visiting candidates returned to their homes.

CHANGE IN BUSINESS POLICY

The Evans Mercantile Company announces a change in business policy, effective November 1, 1920. Commencing on that date, all charge accounts will be handled on a monthly settlement basis, under which arrangement all purchases made during one month will become due and payable not later than the tenth of the following month.

Under the new plan, the management of this firm expects to be able to reduce selling prices on many articles, carry larger stocks, and add other lines of merchandise from time to time, and in general to give improved service in all respects to its customers.

For some years past, the editor of the Patagonian has noticed that the trend in all lines of business has been toward smaller margins of profit and quicker turnovers, and the most successful firms in the business world today are those doing a very large volume of cash business on a low margin of profit.

The Evans Mercantile Company has built up a large volume of business as the result of progressive methods and fair dealing, and its many customers will doubtless welcome the new plan as a step in the right direction.

AUTOPSY SHOWS MURDER BY WRENCH IN BORN CASE OF DROWNING IN DEATH PIT

SONOITA Sayings

Mr. and Mrs. Herman Passow are visiting relatives in Los Angeles, Cal.

Henry Ismond was a Patagonia visitor the first of the week.

Mrs. Betty Larimore has been visiting her son and family in Nogales.

Mr. J. B. Bristol was a Sonoita visitor Tuesday looking after the exhibits for the one day fair on Saturday.

Mr. Frank Knight arrived Monday for a visit with his brother, Sam Knight.

Mr. R. T. Fossett visited his wife in Tucson Friday.

Miss Kreteck from Chicago is visiting her uncle, Mr. Frank Tishler.

Mr. and Mrs. Henry Hunter and Mrs. Hunter's sister, Miss Conwell, motored to Nogales Monday.

Mr. Roy Breene is a visitor at the Henry Hunter home.

Mrs. F. Christman has returned home after a short visit in Tucson.

Mrs. Sam Knight is home after a visit with her mother in California.

Mr. Fredricks and family have moved to Rain Valley.

Henry Hunter and family returned to Sonoita after a 6 weeks visit with relatives and friends in New Mexico.

Guy Bryant and Earl Yeary were in the Continental country for several days. They gathered and brought back some cows and calves which Mr. Bryant bought several weeks ago.

Harry Rickwalt and P. A. Honnas have been busy the past week, cutting feed and filling their silos.

Mrs. Bettie Larimore has been in Nogales for the last week visiting with her son and family.

Mr. and Mrs. Herman Passow left for California last Saturday where they expect to visit for 2 or 3 weeks with relatives.

B. A. Long and mother, Mrs. S. Long, went to Tucson Saturday, going in to see Mrs. V. A. Long who has been in the Arizona hospital for several weeks. They reported her getting along nicely. She will soon be able to leave the hospital and return to her sister's home in Tucson.

E. B. Whitman and family were in Nogales on Saturday where they went with fresh beef, eggs and vegetables.

P. A. Honnas, Dr. Klene and family were in Nogales a few days ago where they went in the interest of the local farm bureau federation.

Mrs. R. E. Varner and daughter Iva left Monday for Bisbee after a month's visit with Mrs. P. A. Honnas who is Mrs. Varner's mother. They will visit with relatives and friends in Bisbee several days and then return to their home in Pieher, Oklahoma.

G. P. Woodward, Leonard Woods and family and Mr. Zimmerman left Sunday for old Baldy where they will resume work building trails.

A. J. W. Born died from the effects of a blow on the back of his head, fracturing the skull. He did not die from drowning.

This is the substance of a telegram received by Judge J. N. Wilkey from the master of a San Francisco masonic lodge. The wire states that an autopsy on the Born body was performed at San Francisco after the body reached that city from Nogales for burial. This autopsy, according to the testimony of experts, showed that Born had been killed by a blow. The experts further stated that the blow, judging from the mark left on the base of Born's brain, was delivered with a spanner wrench.

Further Death Enquiry Further enquiry is being made into the circumstances of the death of the lonely man in the concrete pit of foul water at the city farm, Thursday a week. New angles of investigation are opened by the report from the experts at the San Francisco autopsy.

County Attorney Hardy is making arrangements now to have the death pit drained of water to examine in detail what is and may be at the bottom of that pool of fetid liquid, covered with a sickening scum of oily waste.

Establishing a Motive Establishment of a motive has been baffling. Investigation is under way as to the financial phase of the case which may lead to establishing of a motive. It is to be ascertained whether Born had received a remittance of any sort recently which would have placed him in possession of cash funds which would provide a motive of robbery.

If it can be shown that Born had funds in cash or negotiable form in his possession half of the motive search will be done. If it can further be shown that these funds cannot be located or accounted for, it might follow as logical that the money furnished the motive for the robbery which induced the possible murder. Since the money was not found in the possession of the suspected couple who were present at the death, this lack would also further explain their flight from the scene of the death.

The possible explanation would be that they had fled to cache the proceeds of a robbery in the hills, so that it would not be taken in case they were captured.

Upon being released from custody, it would be a comparatively simple for them to go to the cache and recover the loot if they killed Born for money.

Woman Talks to Hardy County Attorney Hardy states the woman made a statement to him which corroborates in full the story told by LoSey.

Masonic friends of the dead Born, however, are apparently unsatisfied with the case and want further investigation. Born is said to have been a Scottish Rite mason of the full 32 degrees. He was prominent in Masonic work at San Francisco before coming to Nogales and powerful influences there backed by unlimited funds to finish the investigation are said to have taken a hand in the matter acting for the dead man's wife and the protection of a brother mason, whom the San Francisco brothers of Born suspect is the victim of an accidental drowning.

Further developments of great interest are expected to result from the activity of the Masonic influences at the San Francisco end of the Born death-pit mystery.

Charles LoSey admitted at the scene of death Saturday he stood in the yard at the Born place and saw Born "fall in" the death pit and drown. He stood in the yard. Later he says he threw a board into the pit to help Born save himself.

The sheriff's office has checked up the movements of the couple before and after the tragedy. Their movements are known. Customs Inspector Andy O'Connor identifies the woman as having crossed the line here the day before Born met his death. She admits having bought the morphine found in the car in Nogales.

The water in the death-pit measured yesterday 6 feet, 10 inches deep. A Mexican has identified the couple as having camped this summer at the Born place.

It is stated that the famous World's Fair mine will soon resume operation. No confirmation of this statement is obtainable at this time, however.

(Continued on Page 8)

THANKSGIVING DANCE

It has been rumored around town that the Patagonia Chamber of Commerce was to give a dance on the night of October 30th, but the rumor is incorrect as to the date. The first dance of the season to be given by the chamber of commerce will be about Thanksgiving Day.

Uncle Billy Powers has this week had some very badly needed work done on Main street, filling up ditches washed out by rains several weeks since. The work is very much appreciated by the traveling public.

EDITORIAL

In less than two weeks' time we shall know which of the gentlemen from Ohio is to become the chief executive. Most of us will be able to get along with either Governor Cox or Senator Harding transferred to the White House. It is commonly remarked that the average man never knows the difference between a president elected by one party and a president elected by another party. There is something to it. No president, no congress, no judiciary, nobody can make everybody prosperous and happy. Only a small portion of our personal prosperity and contentment comes from the political powers that be. Nevertheless, it is highly important to a nation that its administrative officials are capable and honest. It is highly important that its legislative matters be in the hands of wise and vigorous men. We must have laws (and even weak laws are better than no laws at all) and these laws must be interpreted and executed in the interest of all members of the State. Most of us can afford to accept the president who is preferred by the majority of the electors, inasmuch as we have no personal interest to serve.

A San Antonio correspondent of the Dallas News is authority for the statement that the female of the species is far more deadly—and daring—than the male—especially in the oil' swimmin' hole. Of the thirty-three rescues made this season at San Antonio's community swimming hole, twenty-seven were women, according to Anthony Curron, life saver. Women are harder to save than men, said Curron. "They try to grab me around the neck and strangle me," he said. "So now I treat 'em rough, grabbing them by the hair and holding them at arm's length." Curron has one rule for the safety of swimmers, which he says would do away with pulmotors, life guards and aid treatment. It is: "Dont go in water over your head."

About half the energy of the world is wasted in criticism of other people. If this energy was directed into channels that would be constructive, it would surprise us what we could accomplish. All of us have our faults, and some of us have very glaring deficiencies. Most of us are not as bad as we appear.

Of course we are not a very close observer, but it appears to us that the candidates are not passing out cigars quite as freely as in former campaigns. We suspect, however, that their money is tied up in Liberty bonds. No, thank you, we do not smoke.

A leading hotel at Atlantic City has reduced its rates 30 per cent. This is a very good indication that the proprietor is a believer in the near approach of the millennial dawn.

Of the 240 anarchists who were deported to Russia last spring, 239 are said to be anxious to return to this country. The other one must be dead.

It has been a very vigorous presidential campaign so far, but the world series ball games almost suffocated it for a few days.

As a general thing when a man gets too rich to like cheese and crackers he has made a mess of his life.

It is proposed by Gov. Campbell to make Armistice Day a state holiday in Arizona.

Our position simply is that no man can stay well-groomed and turn out a first-class job of work.

STATE HIGHWAY COMMISSION

EXPERIMENTS WITH COATING ASPHALTUM ON HIGHWAYS

PHOENIX, Oct. 19.—The state highway department is experimenting with the surfacing of state highways by using a three-eighths inch coating of asphaltum.

The department is making the experiment on the Mesa Superior highway where it was said numerous rough spots exist. Officials indicated that if the experiment was a success, the surfacing method would be adopted where needed.

The portion of the road under treatment is composed of catclie, from which fine particles in the composition have been swept away by storms and usage, it was said.

Catarrhal Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surface. Halls' Catarrh Medicine acts thru the blood on the mucous surface of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Halls' Catarrh Medicine. Circulars free. All Druggists, etc.

COURT ORDERS RECOUNT VOTE FOR WHEELER AND ROSS

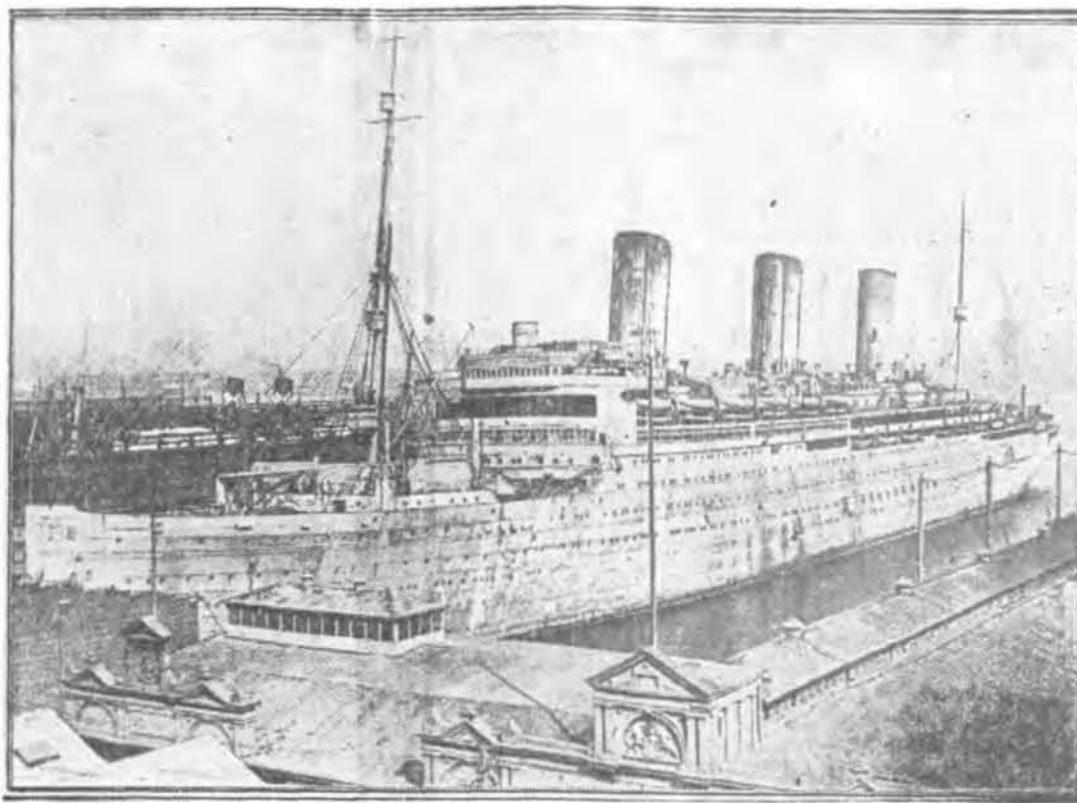

PHOENIX, Oct. 19.—An order was issued yesterday in superior court by Judge R. U. Stanford to the treasurer and clerk of the board of supervisors of Yavapai county citing them to bring all the paraphernalia connected with the primary election of September 7 and in that county before the court here at once.

This order was issued in connection with the order of Saturday granting Charles DeSiles Wheeler an inspection of the ballots of the primary election as asked in his contest against Harry S. Ross, of the votes cast for the Democratic nominee for the office of secretary of state.

Globe Men Form Santa Cruz County Branch of State Anti-County Division Association

Initiative measures Nos. 308 and 309 will appear on the official ballot to be voted on November 2, 1920. This is a constitutional amendment, through and by which counties may be divided.

A perusal of this measure discloses its nefarious design. Its real intent and purpose is the creation of a Miami County, out of a portion of Gila, which if accomplished would result in the absolute insolvency of the balance of Gila County.

Under the provisions of this measure, only those desiring to segregate and form a new county have any right, voice or vote in the division of a county, and 33% of those living within the proposed territory can cut themselves off and form a new county of their own without giving the people residing in the rest of the old county a voice or vote in the matter.

Defeated in a similar attempt six years ago, and again in the Legislature in 1919, C. W. Van Dyke (the father of measure Nos. 308 and 309) again attempts the industrial mayhem, of Gila County, "and for the sole purpose of disposing of his personal holdings in the town of Miami" the proposed county seat of the new county, which is connected by a paved highway with Globe, the County Seat of Gila.

Your attention is called to the statement on the reverse side of this letter. This is a statement of facts, and the result in Gila County by this measure in becoming a law. What would be the result in your county?

Should the Van Dyke measure become a law, the county of Cochise can be divided into eight (8) counties; Gila into eight (8); Greenlee into two (2); Maricopa into five (5); Pima into three (3); Pinal into three (3) and Yavapai into six (6); for no matter how small in area or population, any community, if only one mile square, can segregate and form a new county, providing they possess an assessed valuation of twenty million dollars and leave a like amount in the county from which they wish to become segregated, and the people residing outside the proposed county have no voice or vote in the matter.

This would be the result of this nefarious measure, designed for the sole purpose of the industrial, political and social destruction of Gila county and its people, and will in like manner apply to every county in the state of Arizona, whose assessed valuation will permit of its being segregated into one or more counties.

The most vicious feature of this measure is its provision—Thirty-three per cent of those residing in a community, who wish to segregate and form a new county, can compel the Board of Supervisors to call an election for that purpose. None of those residing outside the boundaries of the proposed new county can sign or protest the petition; neither can they vote in the resultant election. In fact, the adoption of this measure by the voters of Arizona will mean the confiscation of their taxable wealth by small and unscrupulous minorities in every county possessing sufficient wealth to make it large enough for division.

State Anti-County Division Association

A. A. TRIPPEL Democratic Nominee For County Attorney

A. A. Trippel, Democratic Nominee, for the Office of County Attorney of Santa Cruz County, is a native born son of Arizona, and is 34 years of age. Mr. Trippel is a life-long Democrat, and is the son and grand son, respectively, of Honorable Eugene J. Trippel, and Dr. Alexander Trippel, prominent and respected pioneers of this State. Attorney Trippel is favorably known throughout Arizona, and especially so in the Southern section of the State. His boyhood days were spent in Tucson, Arizona, and he was educated in the public schools and University of Arizona in that city. Following a residence of 20 years in Tucson, he attended the law school of the University of New York. He acquired practical experience in the law firm of Finch and Coleman of New York City, which is reputed to be one of the most successful and extensive law-offices of that metropolis. Later he was employed in the law-firm of the late Senator Eugene S. Ives, and our present U. S. Senator, Marcus A. Smith, which firm was dissolved by reason of the death of Senator Ives. Thereafter Mr. Trippel became associated in the practice of law with Hon. C. A. Lindeman of Yuma, Arizona. Mr. Trippel is admitted to practice before the Supreme Court of Arizona, the U. S. Federal District Court and the U. S. Land Court.

He is particularly conversant with Arizona's Penal and Civil Codes, having assisted in the annotation of the session laws of numerous Arizona legislatures, and he has rendered valuable assistance to the state in this respect. He has also had wide experience in the preparation of many very important bills that have been enacted into law by State Legislatures, and although several of these particular laws have been passed upon by the Arizona Supreme Court, none have been held to be invalid. Mr. Trippel by virtue of his extended association with Arizona Legislatures, is also considered as one of the best posted authorities in the State upon parliamentary procedure at the present time.

In May, Mr. Trippel was appointed Acting County Attorney of Santa Cruz County, due to the absence of Leslie C. Hardy, the present incumbent, who has been engaged in a State wide campaign for the office of Attorney General, and because of the earnest, aggressive, effective, fearless and impartial conduct of the office of Acting County Attorney, Mr. Trippel has received favorable comment from the businessmen of this city, who are openly endorsing him to the position he is so eminently fitted. The course pursued by Acting County Attorney Trippel in the matter of the collection of delinquent county taxes, has gained for him the admiration of every tax payer within the confines of Santa Cruz County. If we judge the future by the past, the election of Mr. Trippel will result in completely exterminating the "Tax Dodgers" of this county, and this achievement will be vigorously applauded by all Tax Payers residing in Santa Cruz.

In September of last year, Mr. Trippel was married to one of Nogales' most popular native daughters. He has served an enlistment in the Arizona National Guard and during the World War, waived two exemptions in his questionnaire and responded to the call of arms.

Mr. Trippel has never before sought an elective office; he is known by his host of friends to be a conscientious and tireless worker. He is a tax payer, having recently acquired a home on Crawford St., of this city. He pledges to the electorate of Santa Cruz County, an economical, impartial, efficient, aggressive, effective, and fearless administration.

The many supporters of Mr. Trippel are endorsing his candidacy because they know that he is competent, energetic and just.

Because of Mr. Trippel's extensive and practical experience in the legal profession, extending over a period of 14 years, and because of his proven worth as evidenced by his recent activity in the office of Acting County Attorney, and further because of his remarkable victory in the recent Primary Election, and by reason of his splendid legal qualifications and because of his sterling qualities as a citizen and a Democrat, it is generally conceded that he will be elected by a large majority to the Office of County Attorney of Santa Cruz County in the ensuing November Election. A LEAF FROM THE PAST

Miss Laura Hamber of Claudio, Texas, recently published a six-column article in the Amarillo Daily News under the caption of "Days Ago in Panhandle Newspaperdom." In this article she pays a glowing tribute to a score or more of frontier editors who gave the best part of their lives to the development of that magnificent country. Following is one paragraph which appears in Miss Hamber's long and interesting article, and in which she makes mention of the present editor of The Patagonian:

"I overheard a conversation on an early morning Denver train in which a farmer and a farmer's wife were becoming acquainted by discussing cattle and hogs, kaffir and chickens, and other subjects of like interest to them. At last the man coined a bit of homely philosophy that stayed with me. 'Yes, it is true that you can't have nothing without trouble, but some folks have trouble and don't have nothing.' As I look back through the years I find that this bit of wisdom applied to the newspaper men of the olden days in the Panhandle. They all had trouble and most of them had 'nothing.' I find that there are many other characteristics that they had in common. They were marvels of mechanical accomplishments, when one considers that they had but a handful of type, a rusty 'stick,' a job press or in rare cases of opulence a Washington hand press, the name of luxurious appointments. When R. B. Edgell put in a cylinder press in Amarillo he marked the beginning of a new era, and he could not have done so if he had not been backed by a bunch of business men who were determined to run 'old Brooks out.' Those Panhandle editors were frugal, and learned to turn a tin can inside out to get their money's worth. They were versatile and expert in many ways. No man could subsist from the income derived from the newspaper alone, and so the editor was usually also real estate agent, life insurance agent, fire insurance agent, agent for Waters-Pierce Oil Co., notary public, lawyer, etc. But those men were game; they were clean, fine men, real men, and I ask you today to join me in giving all honor to the newspaper men of the old days in the Panhandle."

Robert Bergier is building an addition to his ranch house near Patagonia.

A slow steady rain began falling here about five o'clock Wednesday morning and continued almost without cessation until nearly eleven o'clock. It was accompanied by a chilling wind from the south which made fires quite comfortable. About noon the sun came out bright and warm and the ground soon dried off and everyone was glad the rain was over as it was not needed at this time.

LESOYS INDICATE DRUG SMUGGLING BY NEW RING OF BORDER CROOKS

Indications of a new "Dope Ring" of international scope and operating through Nogales are reported by officials as a result of investigation of the case of Mr. and Mrs. Charles LeSoy, held in the county jail on suspicion in connection with the death by drowning last week of A. J. W. Horn in the foul water of the concrete pit of death on the city farm.

The morphine found in the car of the couple by the sheriff's office is stated by officials to be contained in a box labeled with French origin and said to be wholly new in this section. The inference is that a new international ring handling illicit drugs is smuggling the drugs across the line and disposing of it here.

LeSoy informed County Attorney Hardy that he bought the drug he had from a man in Nogales. He stated he was given the name of the man before he got here with the information that the man would be able to supply the morphine which LeSoy sought for his wife.

The Customs department has taken up the investigation of that angle of the case and is working with excellent results, it is stated.

The recent uncovering here of the international ring smuggling opium into the U. S. through Nogales and the seizure of the big shipment of opium in trunks is recalled. That seizure broke that ring of hop runners. The morphine found with the LeSoy car is expected to lead to the breaking up of a like ring which deals in morphine and cocaine.

In conjunction with the Customs officials work, Chief Lowe is carrying on an active campaign of rounding up the drug addicts who have gravitated to this section and city in view of the fact that drugs may be obtained across the line.

Further investigation of the LeSoy case is expected to result in officials obtaining interesting evidence and may lead to an expose of international importance.

COUNTY DIVISION FIGHT BROUGHT HERE BY GLOBE MEN

To show Santa Cruz and Nogales businessmen wherein and how pernicious is the proposed bill providing for the separation of Arizona counties and the creation of more county units, four Globe men are in Nogales today and will spend several days here and going over Santa Cruz county. Their object is to show voters how and why the proposed bill is unfair and works a hardship on the taxpayers and citizens who built the existing counties from pioneer days.

In the party are W. S. Sultan, C. C. Farres, M. P. Murphy and W. P. Bland. They state the county of Gila will suffer irreparable damage by the voters approving this initiative measure as legislation and will present the detailed statement of the case to the civic bodies and voters of Santa Cruz during their stay.

A hot fight is being made against the proposed bill which initiated with C. W. VanDyke of Miami. Strong sentiment seems to be developing against approving the measure at the election Nov. 2.

FROST HURTS EXHIBIT FROM COUNTY FOR STATE FAIR

After spending a couple of days going over the county in the interest of the State and County Fair agricultural and mineral exhibits, Secretary Bristol of the chamber of commerce, a state fair commissioner for Santa Cruz county, reports that conditions since the record-breaking frost of last week do not give much encouragement for a satisfactory exhibit of farm products at the State Fair this year.

Fortunately no specimens are affected by frost, otherwise the entire Santa Cruz showing would be a "frost."

Through the efforts of C. A. Pierce of Patagonia a fine collection of ore specimens is being assembled and the mineral display promises to be worthy of the county.

Miss Mae Farrell returned Tuesday from a month's visit with her sister near Chula. She states that she had a delightful time and enjoyed her outing very much. Miss Mae is a very fine and popular young lady and her many friends are glad of her return.

Mr. and Mrs. C. A. Pierce motored over to Nogales Monday morning and returned in the afternoon.

Mrs. George W. Lewis and little son left for Tucson yesterday morning where they will spend a few days visiting with friends.

NOTICE OF CONTEST

Department of the Interior, United States Land Office, Phoenix, Arizona, October 14, 1920.

To Benjamin D. Banning, of Little Rock, Arkansas, Contestee:

You are hereby notified that Roland C. Larimore who gives Sonoita, Arizona, as his post office address, did on September 16, 1920, file in this office his duly corroborated application to contest and secure the cancellation of your homestead, Serial No. 037991, made January 26, 1918, for SW 1/4 Section 11, Township 29-S., Range 16-E., G. & S. R. B. & Meridian, and as grounds for this contest he alleges that you have never established residence upon the land embraced in said homestead entry; that you have entirely failed either to reside upon or cultivate the land embraced in your homestead entry for a period of more than six months last past; that your said failure to reside upon or cultivate the land is not due to your employment in the military or naval organizations of the United States or the National Guard of any of the several states.

You are, therefore, further notified that the said allegations will be taken as confessed, and your said entry will be canceled without further right to be heard, either before this office or on appeal, if you fail to file in this office within twenty days after the FOURTH publication of this notice, as shown below, your answer, under oath, specifically responding to these allegations of contest, together with due proof that you have served a copy of your answer on the said contestant either in person or by registered mail.

You should state in your answer the name of the post office to which you desire future notices to be sent to you.

SOVIET FEARS PEACE

Esthonian Says Demobilized Troops Would Revolt.

Unemployment Now Critical Problem Throughout the Whole of Russia—On Last Legs.

London.—Just as imperialism killed czarism so will imperialism be the death of Russian sovietism, according to a prediction made to a press correspondent by M. Phip, the Esthonian foreign minister in London, analyzing the consequences of the bolshevist offensive in Poland.

While foreign minister last year M. Phip pitted his wits against the bolshevik at Dorpat, and he is regarded as one of the best authorities in Europe on Russian political and economic conditions.

M. Phip asserted that Russia's economic condition was rapidly getting worse, because this season's crop was a failure. He said it was not unlikely that the cities will soon be wholly depopulated.

"The soviet government dare not reduce its enormous army," he concluded.

HUNT FOR EEL DATA

Danish Scientist Hopes to Gather Interesting Information.

Seeks for Spawning Eel, Something That Has Never Yet Been Seen—Quick Death After Maturity.

Cardiff, Wales.—Dr. Johannes Schmidt, a Danish scientist, is searching the Atlantic between the Azores and the West Indies for spawning fresh water eels, which the eye of man has never seen.

"All the eels of the streams and lakes of northwestern Europe," Doctor Herdman said, "live and feed and grow under our eyes without reproducing their kind—no spawning eel has ever been seen. After living for years

ITALIANS FIGHT LONG DUEL

Seek Each Other's Blood for Half a Day, Then Decide to Kiss and Make Up.

Rome.—The world's longest duel has just been fought here between Signor Giovanni Favino and Signor Domenico Durante, who quarreled in a fashionable restaurant. This duel began at 6:30 in the morning and raged furiously under a blazing sun until noon when neither swordsman was able to break his foe's defense.

Spanish Is Made Laureate. Madrid.—Joe Ortega Nunilla, a prominent Spanish newspaper man, an academician and former director of El Inparcial, has been awarded the title of "national chronicler," an honorary office akin to that of literary laureate.

Prairie dogs and other mammals found in desert regions never drink.

RUSSIAN WOMEN PAY TO WED

Give High Prices for Finnish Husbands in Order to Leave the Country.

Viborg, Finland.—Hiring Finnish men to marry Russian women, to enable the latter to get out of Russia has become a popular and lucrative business in the border towns south of Viborg.

The Finns exact a high price, but the method is unflinching. It makes a Finnish subject of the woman, and is recognized as lawful by the two countries, which have assumed diplomatic relations.

These newly married couples come out of Russia into Karasjok, the frontier town, not more than 30 miles from Petrograd, with the daily exodus of Swedish and Finnish refugees.

GETS DATA ON MILK COST

Department of Agriculture Says Replacing Bottles Is an Important Item.

Washington.—Replacing lost milk bottles adds to the price of milk paid by city consumers, an investigation by the department of agriculture has disclosed, although no attempt was made to fix the amount added to consumers' bills for that reason.

The report says milk dealers "are compelled to purchase 1.2 bottles every month for each bottle they have filled daily during that period," and continues:

"The loss among small dealers is less than that sustained by the large enterprises. The small dealers have greater breakage than the large distributors, but they are better able to check up on the return of their bottles and therefore do not lose so many in that manner."

Autopsy

(Continued from Page 1)

LoSey has told his version of the occurrences Thursday night. The woman is said to be ready to talk. County Attorney Hardy today was unable to talk to the woman, being ill at his home.

Reports on the couple have been received from other cities by Under-sheriff Bowman. Facts in the case are being gathered to produce a complete story. This will be completed when the woman has told her story.

The customs officials are expected to take a hand in the case and aid in clearing up the mystery which hinges on the stories told by the couple.

Much evidence in the hands of the authorities is available and will be disclosed after the woman has talked.

Many suspicious circumstances remain to be cleared up by the woman. Her arms are said by the officials to be pitted from marks made by injections of a hypodermic needle.

BATTLESHIP AS TARGET

PHILADELPHIA, Oct. 21—The battleship Massachusetts, which fought in the battle of Santiago in 1898, will be towed from the Philadelphia Navy Yard to Pensacola, Fla., to serve as a target in a trial of the nation's coast defense artillery against an armored warship, it is announced.

THRILLING AUTO RACES AT STATE FAIR SCHEDULED

PHOENIX, Oct. 19—"Auto races for the Arizona State Fair this year will be all that auto races ought to be," declares L. H. Gibbs, in charge of the Auto Day program, on his return from California where he recruited cars and drivers. "They will furnish the real fair-riding, breath-taking thrills of Fair week."

"The big idea this year will be to make the events free-for-all. We want competition. In our free-for-all program of races we promise the spectator some real races, with cars bunched and plenty of thrills."

"My California trip makes the prospect of the Fair races bright. I've just come from Fresno where some of the best drivers in the country, in practice there for the Thanksgiving races, have signed up for the Phoenix events. One name in particular Arizonans will be glad to see among the lists is Eddie Hearn, who smashed the world's record last year on our dirt track in the 100-mile. He will be here again in a Stutz, a more powerful one than last year, his 1920 model having a 362 cubic inch piston displacement."

Gibbs also saw Ralph De Palma in Fresno. That famous driver left Fresno for Europe but expects to return in time for the races here.

Auto Day will be Saturday, as the last and crowning feature of Fair week. Four events are scheduled.

BOOKINGS FOR OREGON INAUGURAL SPECIAL BEING MADE

Acceptance of reservations for the chambers-of-commerce Inaugural Special train, which will leave Nogales Nov. 29 for Mexico City and the inauguration Dec. 1 of President Obregon, began yesterday.

Requests for reservations are pouring in from out of town, according to Secretary Bristol of the chamber-of-commerce. Reservations for lower berths will be made according to the order of their receipt.

Nogales and Santa Cruz people who intend to make the trip should file their applications early, with check to cover cost of the trip, in order to be sure of two things. First, assignment of a reservation on the train; second, in order to obtain a lower berth.

BANKERS FIGHT TAX AID FOR GOLD MINES

WASHINGTON, Oct. 21—The McFadden bill, proposing a tax on gold used in industry and in arts, to be paid in turn to mining companies to stimulate production was attacked and defended today before the American Bankers' association. A special committee appointed to study the measure submitted a report vigorously opposing the measure. Representative McFadden, author of the bill, defended it. The question was referred to the Economic Policy committee of the association.

DEMS. OFFER BIG PRIZE FOR ESSAY ON LEAGUE

NEW YORK, Oct. 15—Democratic national headquarters today announced an offer of a cash prize of \$25,000 to Harding, Johnson, Borah, Lodge, Hays or anybody else who can prove that the League of Nations would "abridge the sovereignty of America."

It explained that under the terms of the offer the essays must be received by mail or wire at 17 East 42nd street in New York by Oct. 22 when a jury of 12 citizens of which White and Hays, the party national chairmen, will be asked to name and pass on the efforts.

It is said the whole jury may be Republicans if Hays wishes.

G. O. P. RALLY AT PATAGONIA

The Republican rally was attended by an enthusiastic audience of more than 200 people from various sections of the county who gave ear to addresses by the various county candidates and with their reasons why they should be elected to the offices to which they aspired.

The rally was called to order about 8 p. m. by Judge A. S. Henderson, pioneer merchant of Patagonia. The various candidates delivered short talks.

Frank J. Barry, Nogales attorney, concluded the speaking by a ringing address on state and national issues.

He pointed out the wisdom of Thos. E. Campbell in returning to the people of Arizona their just heritage—the state lands, which are now being gobbled up by land and cattle barons in huge chunks.

He pointed out that many homesteaders could occupy lands apportioned to the cattle barons, making Arizona wealthy in good citizenship and industry.

Scores League

Barry delivered a knockout blow to the League of Nations. He told his interested audience of the pitfalls and snares of mixing in international affairs and cautioned them against the League of Nations, an instrument he said which practically discards the constitution of the United States and the Monroe Doctrine.

Barry was cheered repeatedly throughout his address. The audience attending the Republican rally at Patagonia last night was far greater than that attending the Democratic rally for Mark Smith in Nogales, Thursday night.

Autopsy

(Continued from Page 1)

LoSey has told his version of the occurrences Thursday night. The woman is said to be ready to talk. County Attorney Hardy today was unable to talk to the woman, being ill at his home.

Reports on the couple have been received from other cities by Under-sheriff Bowman. Facts in the case are being gathered to produce a complete story. This will be completed when the woman has told her story.

The customs officials are expected to take a hand in the case and aid in clearing up the mystery which hinges on the stories told by the couple.

Much evidence in the hands of the authorities is available and will be disclosed after the woman has talked.

Many suspicious circumstances remain to be cleared up by the woman. Her arms are said by the officials to be pitted from marks made by injections of a hypodermic needle.

BATTLESHIP AS TARGET

PHILADELPHIA, Oct. 21—The battleship Massachusetts, which fought in the battle of Santiago in 1898, will be towed from the Philadelphia Navy Yard to Pensacola, Fla., to serve as a target in a trial of the nation's coast defense artillery against an armored warship, it is announced.

SISK HAS TONSILLITIS

THRILLING AUTO RACES AT STATE FAIR SCHEDULED

PHOENIX, Oct. 19—Auto races for the Arizona State Fair this year will be all that auto races ought to be, declares L. H. Gibbs, in charge of the Auto Day program, on his return from California where he recruited cars and drivers. "They will furnish the real fair-raising, breath-taking thrills of Fair week."

"The big idea this year will be to make the events free-for-all. We want competition. In our free-for-all program of races we promise the spectator some real races, with cars lunched and plenty of thrills.

"My California trip makes the prospect of the Fair races bright. I've just come from Fresno where some of the best drivers in the country, in practice there for the Thanksgiving races, have signed up for the Phoenix events. One name in particular Arizonans will be glad to see among the lists is Eddie Hearn, who smashed the world's record last year on our dirt track in the 100 mile. He will be here again in a Stutz, a more powerful one than last year, his 1920 model having a 362 cubic inch piston displacement."

Gibbs also saw Ralph De Palma in Fresno. That famous driver left Fresno for Europe but expects to return in time for the races here.

Auto Day will be Saturday, as the last and crowning feature of Fair week. Four events are scheduled.

BOOKINGS FOR OREGON INAUGURAL SPECIAL BEING MADE

Acceptance of reservations for the chambers-of-commerce Inaugural Special train, which will leave Nogales Nov. 20 for Mexico City and the inauguration Dec. 1 of President Obregon, began yesterday.

Requests for reservations are pouring in from out of town, according to Secretary Bristol of the chambers-of-commerce. Reservations for lower berths will be made according to the order of their receipt.

Nogales and Santa Cruz people who intend to make the trip should file their applications early, with check to cover cost of the trip, in order to be sure of two things. First, assignment of a reservation on the train; second, in order to obtain a lower berth.

BANKERS FIGHT TAX AID FOR GOLD MINES

WASHINGTON, Oct. 21—The McFadden bill, proposing a tax on gold used in industry and in arts, to be paid in turn to mining companies to stimulate production was attacked and defended today before the American Bankers' association. A special committee appointed to study the measure submitted a report vigorously opposing the measure. Representative McFadden, author of the bill, defended it. The question was referred to the Economic Policy committee of the association.

DEMS. OFFER BIG PRIZE FOR ESSAY ON LEAGUE

NEW YORK, Oct. 15—Democratic national headquarters today announced an offer of a cash prize of \$25,000 to Harding, Johnson, Borah, Lodge, Hays or anybody else who can prove that the League of Nations would "abridge the sovereignty of America."

It explained that under the terms of the offer the essays must be received by mail or wire at 17 East 42nd street in New York by Oct. 22 when a jury of 12 citizens of which White and Hays, the party national chairman, will be asked to name and pass on the efforts.

It is said the whole jury may be Republicans if Hays wishes.

G. O. P. RALLY AT PATAGONIA

The Republican rally was attended by an enthusiastic audience of more than 300 people from various sections of the county who gave ear to addresses by the various county candidates and with their reasons why they should be elected to the offices to which they aspired.

The rally was called to order about 8 p. m. by Judge A. S. Henderson, pioneer merchant of Patagonia. The various candidates delivered short talks.

Frank J. Barry, Nogales attorney, concluded the speaking by a ringing address on state and national issues.

He pointed out the wisdom of Thos. E. Campbell in returning to the people of Arizona their just heritage—the state lands, which are now being gobbled up by land and cattle barons in huge chunks.

He pointed out that many homesteaders could occupy lands apportioned to the cattle barons, making Arizona wealthy in good citizenship and industry.

Scores League

Barry delivered a knockout blow to the League O' Notions. He told his interested audience of the pitfalls and snares of mixing in international affairs and cautioned them against the League of Nations, an instrument he said which practically disends the constitution of the United States and the Monroe Doctrine.

Barry was cheered repeatedly throughout his address. The audience attending the Republican rally at Patagonia last night was far greater than that attending the Democratic rally for Mark Smith in Nogales, Thursday night.

POLICE PROBE FIEND'S CRIME AGAINST WIFE

NEW BRUNSWICK, N. J., Oct. 19—Police today prepared to continue their search in Manville for the grave of a woman reported buried alive by her husband. With them, police planned to take Mike Cuck of that town, who has been told here since he is alleged to have told friends that a boarding house proprietor there beat his wife, tied her hands and feet, then buried her.

CLEANING AND PRESSING
When your suit needs cleaning and pressing take it to Mrs. Isenhood next door to the old laundry. She is well equipped to do first class work on short notice.

ANNOUNCEMENT

Believing that we can improve our service to our customers by a new selling plan, we have decided to handle all charge accounts on a monthly basis in the future.

Effective November 1, 1920, all purchases made during one month will become due and payable not later than the tenth of the following month.

The new arrangements will enable us to reduce our selling prices on many articles, carry larger stocks and add other lines of merchandise from time to time, thus affording our customers improved service in many respects.
